PROCLAMATION

WHEREAS, 1699 Pale Ale represents Lost Spring Brewing Company's commitment to Ocean Springs's rich culture, friendly community, and long-standing history; and

WHEREAS, As with every beer ~~is~~ brew, 1699 is made from 100% natural ingredients with no added flavorings, extracts, or concentrates; and

WHEREAS, While the craft beer market has exploded with heavily fruited sours, hazy IPAs, and ~~flavored~~ milk stouts, Lost Spring Brewing Company aimed for their number one flagship to be a beer that, like Ocean Springs, can be enjoyed by anyone on any occasion; and

NOW THEREFORE, I, Kenny Holloway, Mayor of the City of Ocean Springs, do hereby recognize and proclaim Lost Spring Brewing Company's 1699 Pale Ale as

"THE OFFICIAL BEER OF OCEAN SPRINGS"

IN WITNESS WHEREOF I HAVE HEREUNTO
SET MY HAND AND CAUSED THE SEAL OF

MEMORANDUM

To: Honorable Mayor and Board of Aldermen

From: Carolyn Martin, Planning & Grants Administrator
Wade Morgan, AICP, City Planner

Date: August 2, 2022

Re: PUBLIC HEARING – PLANNING COMMISSION REPORT:
320 Jackson Ave./ PID No. 600137416.000 – Request Approval
of a Conditional Use Permit (CUP) to allow church-related
offices (Religious Institution Use) in the R-1, Low-Density,
Single-Family Residential District; Applicant – Jake Travis, DBA
First Presbyterian Church of Ocean Springs

The Planning Commission (PC) considered this request at its regular meeting on Tuesday, June 14, 2022. The specific request is approval of a CUP to allow the existing building to be used for office space for ministerial staff of the First Presbyterian Church. The church will allow its parking lot on the north side of Ocean Avenue to be used for parking.

Religious institutions and their accessory uses may be permitted in the R-1, single-family residential district through the issuance of a CUP with a site plan adopted by the Planning Commission and Board of Aldermen (BOA). The application and site plan indicate that the house will be used in its current condition for offices. Any expansion of the building or parking area will require an amendment to the CUP.

The PC considered the information provided by the applicant, the report from the staff and presentations from neighborhood property owners. PC members concluded that offices for the church were appropriate but were concerned that other offices would be out of character with the residential neighborhood. A motion was made to recommend approval of the application with the conditions that:

- 1) The CUP applies only to the Ocean Springs Presbyterian Church and does not transfer with a change of ownership, and
- 2) the building is to be used for church administrative purposes only. The motion passed UNANIMOUSLY with all members present voting YES and one member ABSENT.

Documentation related to the application is attached.

PLANNING COMMISSION REPORT
— PUBLIC HEARING —

PUBLIC HEARING DATE: July 12, 2022

APPLICANT(S): Jake Travis, DBA First Presbyterian Church of Ocean Springs
CURRENT OWNER? Yes ✓ No
If No, - List Current Owner: Dora Margaret Gambrell

LOCATION: 320 Jackson Avenue / PID# 60137416.000

REQUESTED ACTION: Approval of a Conditional Use Permit (CUP) for church-related offices
(Religious Institution Use) in an R-1, Single-Family Residential District.

DATE OF APPLICATION: June 2, 2022

ADJACENT ZONING AND LAND USE:

Subject Property: R-1, Single-Family Residential District – a single-family dwelling;
North: across Ocean Avenue, R-1 District – gravel parking lot for Ocean Springs
Presbyterian Church;
East: R-1, single-family residential district – undeveloped, city-owned property;
South: R-1, single-family residential district – single-family dwellings;
West: across Jackson Avenue, R-1, single-family residential district – single-family
dwellings.

CURRENT CONDITIONS:

- Property Size: 21,448 sq. ft.

DESCRIPTION OF REQUEST:

- The applicant requests approval of a CUP to use 320 Jackson Avenue for office space for ministerial staff of the First Presbyterian Church. The church will allow its parking lot on the north side of Ocean Avenue to be used for parking.

FINDINGS:

- Religious institutions and their accessory uses may be permitted in the R-1, single-family residential district through the issuance of a CUP with a site plan adopted by the Planning Commission and Board of Aldermen (BOA).
 - The PC has the responsibility to ensure [1] that the use can be appropriately accommodated on the specific property; [2] that it will conform to the comprehensive plan; [3] that it can be constructed and operated in a manner that is compatible with the surrounding land uses and overall character of the community; and [4] that the public interest, health, safety, and general welfare will be promoted.
 - The PC can impose reasonable standards, conditions, or requirements, in addition to or that supersede any standard specified in the Unified Development Code (UDC), as it may deem necessary to protect the public interest and welfare.
- The application and site plan indicate that the house will be used in its current condition for offices. Any expansion of the building or parking area will require an amendment to the CUP.
- The property is in the Old Ocean Springs Historic District. Any additions or alterations to the building exterior will require the approval of a Certificate of Appropriateness (COA) by the Historic Preservation Commission (HPC) and the BOA.
- COMPREHENSIVE PLAN: The following policies address institutional uses in residential areas:
 - Policy 4.3: Ensure that land uses abutting residential development are compatible with the scale, intensity and overall character of the neighborhood. Note: This policy is intended to facilitate a mix of residential unit types and better integration of residential and non-residential uses through the use of creative design, including the architecture, landscaping, building orientation, parking layouts, building scale and setbacks.
 - Policy 4.11 - Protect stable single-family neighborhoods from the intrusion of incompatible residential and non-residential land uses. This policy is intended to protect neighborhoods from blighting influences; it is not intended to preclude development of different types of residences, neighborhood commercial centers or community services within neighborhoods if they can be designed and maintained in a manner that enhances neighborhood stability.

OTHER FEEDBACK:

- Two letters were received and are attached for reference. One is in support of the request and the other in opposition.

RECOMMENDATION: APPROVAL.

PROPOSED MOTION: To recommend approval of a Conditional Use Permit for the use of 320 Jackson Avenue for religious institutional use for ministerial offices as described in the application and the associated site plan.

City of Ocean Springs Community Development and Planning
Ocean Springs, Ms

Dear Planning Commission,

Kerri and I are writing to oppose the request of a Conditional Use Permit for 320 Jackson Avenue. Our property at 403 Jackson Avenue was purchased relying on the zoning ordinance that is currently in place. The decision we made at the time of our purchase was based on building a house in a residentially zoned area. Having an office building at 320 Jackson Ave is not compatible with the adjoining properties. Jackson Ave is one of the oldest streets in Ocean Spring with beautiful historic homes, what's to prevent other surrounding houses or property from becoming office space in the future?

The Presbyterian Church currently owns approx. 4 acres of land on Ocean Avenue that could be used or there are other locations downtown that are already zoned for offices space.

Section 2.18.3 "Initiation" states that in order to request a Conditional Use Permit, one has to be either an owner or authorized representative, which one of these applies to the Presbyterian Church?

Thank you for your consideration,
Andrew and Kerri Cambre

REGULAR MEETING OF JULY 5, 2022

Be it remembered that the Mayor and Board of Aldermen of the City of Ocean Springs met in a Regular Meeting at City Hall in the City of Ocean Springs at 6:00 p.m. on July 5, 2022. Mayor Holloway presided, and Aldermen Burgess, Authement, Wade, Cox, Papania, Blackman, and Impey were present. Also present were City Attorney Robert Wilkinson, City Clerk Patty Gaston, Deputy City Clerk Vicky Hupe, Police Chief Mark Dunston, Fire Chief Derek McCoy, Building Official Darrell Stringfellow, Human Resource & Risk Management Mindy McDowell, Public Works Director Allan Ladnier, Parks & Recreation Director Stephen Glorioso, Project Manager Sarah Harris, Planning & Grants Administrator Carolyn Martin, and City Planner Wade Morgan.

The Mayor called the meeting to order.

A motion was made by Alderman Cox, seconded by Alderman Authement, and unanimously carried to amend the agenda to include item 2-a longevity recognition.

A motion was made by Alderman Cox, seconded by Alderman Blackman, and unanimously carried to accept the agenda and the addendum.

Alderman Papania gave the invocation and Alderman Burgess led the Pledge of Allegiance.

RECOGNITION

The Mayor presented certificates in recognition of employment years of service to Street Leadman Michael Smith for 30 years of service, Police Research Analyst Leah Phillips for 15 years of service, and Police Lieutenant Jonathan Carroll for 10 years of service. Also recognized but not present to receive certificates were Fire Battalion Chief Bradley Chennault - 10 Years of service and Public Works Maintenance Laborer A Brett Spicer - 5 years of service.

PUBLIC HEARING

Item 3-a) A motion was made by Alderman Cox, seconded by Alderman Papania, and unanimously carried to open the public hearing regarding the amendment to the Unified Development Code (UDC) to revise Chapters 3 and 7 related to Medical Cannabis Facilities and Establishments; Planning Commission recommends approval of the amendment with the addition of allowing medical cannabis cultivation facilities in the CH zoning district as Conditional Use (Exhibit 3-a).

The Planning & Grants Administrator explained the amendment would incorporate the definitions provided by the state, identifies the zoning districts in that facilities would be allowed, and updates the matrix accordingly. The Planning Commission recommends approval of the amendment with the addition of allowing medical cannabis cultivation facilities in the CH zoning district as Conditional Use which would be determined on a case-by-case basis. This allows medical cannabis identified as an eligible use in our code. Distances from certain activities (church, school, etc.) will not be covered in the UDC because it is this provision is regulated by the State and we must meet all State qualifications and requirements.

No public comment for or against.

A motion was made by Alderman Cox, seconded by Alderman Authement, and unanimously carried to close the public hearing.

A motion was made by Alderman Cox and seconded by Alderman Authement to amend the UDC to revise Chapters 3 and 7 related to Medical Cannabis Facilities and Establishments with the addition of allowing medical cannabis cultivation facilities in the CH zoning district as Conditional Use. The motion passed with a roll call vote:

Alderman Cox	<u>Aye</u>
Alderman Burgess	<u>Aye</u>
Alderman Authement	<u>Aye</u>
Alderman Wade	<u>Aye</u>
Alderman Papania	<u>Aye</u>
Alderman Blackman	<u>Aye</u>
Alderman Impey	<u>Aye</u>

Item 3-b) A motion was made by Alderman Cox, seconded by Alderman Burgess, and unanimously carried to open the public hearing regarding the amendment to the UDC to revise Chapters 3, Sections 3.9.4 and 3.9.5 related to fences in the Downtown and Porter Avenue Corridor Overlay Districts; Planning Commission recommends approval of the amendment with the addition of a provision that chain link fences along rear yard, street-side yard and interior-side yard lot lines shall extend no closer to the front lot line than the front building line of the principal building on the nearest abutting lot or parcel (Exhibit 3-b).

The Planning & Grants Administrator explained the ordinance will restrict the use of chain link fences in front yards only in the Downtown and Porter Avenue Corridor Overlay Districts. There is a clarification if a corner lot is restricting the side fences to come to the front of the house making fewer chain link fences visible from the street. Alderman Cox asked for the issue to be addressed city-wide. The City Planner said it would be addressed at a later time. Alderman Papania expressed concern if this ordinance is passed for only the Downtown and Porter Avenue Corridor Overlay Districts

the rest of the City will get overlooked. He was reassured the issue will be handled in the future.

No public comment for or against.

A motion was made by Alderman Cox, seconded by Alderman Wade, and unanimously carried to close the public hearing.

A motion was made by Alderman Authement and seconded by Alderman Burgess to amend the UDC to revise Chapters 3, Sections 3.9.4 and 3.9.5 related to fences in the Downtown and Porter Avenue Corridor Overlay Districts; with the addition of a provision that chain link fences along rear yard, street-side yard and interior-side yard lot lines shall extend no closer to the front lot line than the front building line of the principal building on the nearest abutting lot or parcel. The motion passed with a roll call vote:

Alderman Cox	<u>Aye</u>
Alderman Burgess	<u>Aye</u>
Alderman Authement	<u>Aye</u>
Alderman Wade	<u>Aye</u>
Alderman Papania	<u>Aye</u>
Alderman Blackman	<u>Aye</u>
Alderman Impey	<u>Nay</u>

Item 3-c) A motion was made by Alderman Cox, seconded by Alderman Authement, and unanimously carried to open the public hearing regarding the reconfiguration of two adjoining parcels at 1109 Iola Road PID #61063029.000 and 1120 East Cherokee Avenue PID #61054018.000 (Exhibit 3-c).

The Planning & Grants Administrator explained the parcels meet at their back property lines but are in two different subdivisions. She said the Planning Commission recommends approval. She said the specific proposal is to shift the common lot line for the 2 lots westward 24 feet, which will enlarge 1109 Iola Rd. by 2,400 sq. ft. After the reconfiguration, 1120 East Cherokee Avenue will still comply with the R-1 district requirements (area, width, setbacks). She added that there are no easements that will be impacted by the reconfiguration.

No public comment for or against.

A motion was made by Alderman Burgess, seconded by Alderman Authement, and unanimously carried to close the public hearing.

A motion was made by Alderman Burgess, seconded by Alderman Authement, and unanimously carried to approve to recommend that there are no individuals that will be adversely affected or directly interested in the reconfiguration of Lot 29 of the Davidson Hills subdivision and Lots 18 & 19 of the Cherokee Glen subdivision.

A motion was made by Alderman Burgess, seconded by Alderman Authement, and unanimously carried to approve the lot reconfiguration request for Lot 29 of the Davidson Hills subdivision and Lots 18 & 19 of the Cherokee Glen subdivision as requested.

AGENDA PUBLIC COMMENT

James McClendon, agenda item 3-b, asked why he had to put a privacy fence on his commercial property on Bienville Boulevard. Alderman Blackman explained the Ordinance being considered approved only addresses properties with chain link fences in the Downtown and Porter Avenue overlay districts, and the UDC requires privacy fences when commercial property abuts a residential property.

OLD BUSINESS

The Mayor said a revised Urban Renewal Map (Exhibit 5-a) was presented to the Board. The City Attorney said it is controlled by statute and will follow a specific process including a Planning Commission public hearing and Board public hearing. Alderman Blackman requested a more detailed map of the three major sections. Alderman Cox said he requested advertising for the Redevelopment Authority at the last meeting but hasn't seen anything put out.

NEW BUSINESS

The Project Manager explained the Front Beach Sidewalk Repairs Project Phase II needs a contract to start the design process and the approximate \$900,000 will be mostly FEMA funded (Exhibit 6-a). Aldermen Impey and Blackman expressed concern that the engineering fees listed are too high for the scope of work. A motion was made by Alderman Cox and seconded by Alderman Authement to authorize the Mayor to execute the Overstreet & Associates agreement for professional services for the Front Beach Sidewalk Repairs Project Phase II (Exhibit 6-a). The motion passed with Aldermen Burgess, Authement, Wade, Cox, and Papania voting aye and Aldermen Blackman and Impey voting nay.

A motion was made by Alderman Authement and seconded by Alderman Burgess to change the name of Gum Drive to Turtle Cove (Exhibit 6-b). The motion passed with a roll call vote:

Alderman Cox	<u>Aye</u>
Alderman Burgess	<u>Aye</u>
Alderman Authement	<u>Aye</u>

Alderman Wade	<u>Aye</u>
Alderman Papania	<u>Aye</u>
Alderman Blackman	<u>Aye</u>
Alderman Impey	<u>Aye</u>

Alderman Burgess introduced an Ordinance changing the speed limit on Ocean Springs Road North between Hwy 90 and Deana Road to 35 mph (Exhibit 6-c). Alderman Blackman requested a workshop to address all the roads that need speed limit changes rather than doing them one at a time. A motion was made by Alderman Burgess and seconded by Alderman Cox to approve the proposed Ordinance changing the speed limit on Ocean Springs Road North between Hwy 90 and Deana Road to 35 mph to be available in the City Clerk's Office for public viewing before adoption at the next meeting. The motion passed with a roll call vote:

Alderman Cox	<u>Aye</u>
Alderman Burgess	<u>Aye</u>
Alderman Authement	<u>Aye</u>
Alderman Wade	<u>Aye</u>
Alderman Papania	<u>Nay</u>
Alderman Blackman	<u>Nay</u>
Alderman Impey	<u>Nay</u>

Alderman Authement introduced an Ordinance changing the speed limit on Government Street between Washington Avenue and Russell Avenue to 15 miles per hour (Exhibit 6-d). The Planning & Grants Administrator said the area speed study results will be available next week. A motion was made by Alderman Authement and seconded by Alderman Wade to approve the proposed Ordinance changing the speed limit on Government Street between Washington Avenue and Russel Avenue to 15 miles per hour to be available in the City Clerk's Office for public viewing before adoption at the next meeting. The motion passed with a roll call vote:

Alderman Cox	<u>Aye</u>
Alderman Burgess	<u>Aye</u>
Alderman Authement	<u>Aye</u>
Alderman Wade	<u>Aye</u>
Alderman Papania	<u>Nay</u>
Alderman Blackman	<u>Nay</u>
Alderman Impey	<u>Nay</u>

A motion was made by Alderman Authement, seconded by Alderman Wade, and unanimously carried to approve the monthly budget report (Exhibit 8-b).

GENERAL PUBLIC COMMENT

Joseph Nangle & Chase Gallaway said that they recently leased Artsy Pawn Shop and look forward to doing business in Ocean Springs with the first Medical Cannabis dispensary.

MAYOR & ALDERMAN'S FORUM

Alderman Burgess asked for the Fort Bayou Bristol Avenue entrance to be addressed by Public Works landscaping.

Alderman Authement thanked the Police Department, Fire Department, Public Works, and Parks & Recreation for the July 4th event being successful.

Alderman Cox requested the City Attorney to draft an MOU with Jackson County to address the upkeep of landscaping and drainage swales at Front Beach.

Alderman Papania thanked Public Works for the quick cleanup of the area after the July 4th event.

Alderman Blackman requested to waive the fees for the Wounded Warrior in Action Federation fundraiser use of the Civic Center on September 24th.

Alderman Impey asked Jackson County Supervisor Troy Ross if there is an update on paving. He replied that Ocean Springs would not begin until after the Highway 90 project in Gautier is complete and requested a current list of roads.

A motion was made by Alderman Impey, seconded by Alderman Wade, and unanimously carried to authorize the employment of Logan Walters, Firefighter, \$13.12 hourly rate; effective July 29, 2022; one-year probationary status, pending successful completion of all pre-employment requirements (Exhibit 10-a).

Be it remembered that the Mayor and Board of Aldermen of the City of Ocean Springs met in a Special Call meeting at City Hall in the City of Ocean Springs at 8:00 a.m. on July 7, 2022. Mayor Holloway presiding, Aldermen Burgess, Authement, Wade, Cox, Papania, and Blackman were present. Alderman Impey joined the meeting by teleconference according to Section 25-41-5 of the Mississippi Code. Let the minutes reflect that there is a speaker in the meeting room that all those present can hear Alderman Impey. Also present were City Attorney Will Norman, City Clerk Patty Gaston, Police Captain Matthew Morvant, Fire Chief Derek McCoy, Building Official Darrell Stringfellow, Human Resource & Risk Management Mindy McDowell, Public Works Director Allan Ladnier, Planning & Grants Administrator Carolyn Martin, Project Manager Sarah Harris, and Executive Assistant to the Mayor & Board Ravin Nettles.

The Mayor called the meeting to order.

The Special Call Meeting is for the purpose of all matters pertaining to:

- a) ARPA Infrastructure Projects (Exhibit a)
- b) Utility Study and engagement letter with Compton Engineering (Exhibit b)
- c) Authorize the lateral transfer of Public Works Maintenance Laborer Henry Lamb to Parks & Recreation Maintenance Laborer effective July 9, 2022; authorize to begin the process of filling the vacant position

A motion was made by Alderman Cox and seconded by Alderman Authement to accept the agenda. The motion passed with a roll call vote:

Alderman Cox	<u>Aye</u>
Alderman Burgess	<u>Aye</u>
Alderman Authement	<u>Aye</u>
Alderman Wade	<u>Aye</u>
Alderman Papania	<u>Aye</u>
Alderman Blackman	<u>Aye</u>
Alderman Impey	<u>Aye</u>

The Project Manager explained Jackson County has requested an approved project list for matching ARPA funds. She said the projects have been divided into two groups (Exhibit a) both totaling \$17,997,038. Group 1 addresses the Water Department's primary concerns: Parktown water, sewer for the Downtown area, ditches, video cleaning project, and east side of town sewer diversion project. Group 2 addresses similar projects: Parktown drainage, Downtown water main replacements, Colonial Estates water and sewer, video cleaning project, and CIPP lining contract. She said Group 1 would be requested first but if there are any disallowed projects from Group 1 then a project would be replaced with a comparable project from Group 2. A motion was made by Alderman Authement and seconded by Alderman Burgess to authorize to submit both lists of infrastructure projects Group 1 and Group 2. The motion passed with a roll call vote:

Alderman Cox	<u>Aye</u>
Alderman Burgess	<u>Aye</u>

RECESS MEETING OF JULY 19, 2022

Be it remembered that the Mayor and Board of Aldermen of the City of Ocean Springs met in a Recess Meeting at City Hall in the City of Ocean Springs at 6:00 p.m. on July 19, 2022. Mayor Holloway presided, and Aldermen Burgess, Authement, Wade, Cox, Papania, Blackman, and Impey were present. Also present were City Attorney Robert Wilkinson, City Clerk Patty Gaston, Deputy City Clerk Vicky Hupe, Police Chief Mark Dunston, Fire Chief Derek McCoy, Planning & Grants Administrator Carolyn Martin, Building Official Darrell Stringfellow, Public Works Director Allan Ladnier, Human Resources & Risk Management Director Mindy McDowell, Parks & Recreation Director Stephen Glorioso, Project Manager Sarah Harris, and Executive Assistant to the Mayor & Board Ravin Nettles.

The Mayor called the meeting to order.

Dr. Mike Barnett from First Baptist Church gave the invocation and Alderman Wade led the Pledge of Allegiance.

A motion was made by Alderman Authement, seconded by Alderman Wade, and unanimously carried to accept the agenda & addendum.

PRESENTATIONS

Maria Saylor and Deborah Aiken from Alexander, Van Loon, Sloan, Levens, Farve, PLLC (AVL) presented the completed City audit using Government Auditing Standards (Exhibit 3a). They said the audit is historical and not current, ending September 30, 2021. They said there were no difficulties in completing the audit and no material instances of non-compliance with state laws and regulations. A motion was made by Alderman Impey, seconded by Alderman Authement, and unanimously carried to accept the FY 2020-2021 audit from AVL.

The State Commissioner for Cal Ripken Baseball, Terry Crow, presented the Ocean Springs Baseball Organization and the City of Ocean Springs with their "League of the Year" award. League representative, Robbie Burgess, thanked the City for the continued support of the league.

Matthew Hosey and Chris Beaugez representing the Skatepark Planning & Development Citizen Committee and presented the Board with a plan to build a skatepark in Ocean Springs (Exhibit 3-b). The plan included building the park under the Highway 90 overpass and requires MDOT approval. They concluded that the project's overall cost would be \$700,000 - \$1,000,000 with the City providing 3/4ths of the cost utilizing available grants.

PUBLIC HEARING

A motion was made by Alderman Cox, seconded by Alderman Burgess, and unanimously carried to open the public hearing regarding the request for approval of a Conditional Use Permit (CUP) to allow the continuation of an existing multi-family building in the R-1 low-density single-family residential district at 1203 Lafontaine Avenue PID #600137302.000 (Exhibit 4-a).

The Planning & Grants Administrator explained the current use of this property is considered a "legal, historical nonconforming use" as a multi-family dwelling. If it is destroyed it currently could not be built back and used as is.

Nancy Allan, the owner of the property, requested to be able to build back as is if the property is destroyed.

A motion was made by Alderman Impey, seconded by Alderman Authement, and unanimously carried to close the public hearing.

A motion was made by Alderman Authement, seconded by Alderman Cox, and unanimously carried to approve the Conditional Use Permit (CUP) to allow the continuation of an existing multi-family building in the R-1 low-density single-family residential district at 1203 Lafontaine Avenue PID #600137302.000.

AGENDA PUBLIC COMMENT

Bryant Harvey, agenda item 6-c, spoke against a moratorium on apartment developments and asked for the reasoning for a moratorium. He said he has purchased 12 acres in the City to develop apartments.

OLD BUSINESS

Alderman Burgess said an Ordinance to change the speed limit on Ocean Springs Road from Highway 90 to Deana Road was discussed and approved to be on file at the City Clerk's office for at least 2 weeks for public review (Exhibit 6-a). A motion was made by Alderman Burgess and seconded by Alderman Cox to adopt an Ordinance (2022-08) changing the speed limit on Ocean Springs Road North between Hwy 90 and Deana Road to 35 mph. The motion passed with a roll call vote:

Alderman Cox	<u>Aye</u>
Alderman Burgess	<u>Aye</u>
Alderman Authement	<u>Aye</u>
Alderman Wade	<u>Aye</u>
Alderman Papania	<u>Aye</u>

Alderman Blackman	<u>Aye</u>
Alderman Impey	<u>Nay</u>

Ordinance 2022-08 will be effective in 30 days.

Alderman Authement said an Ordinance to change the speed limit on Government Street between Washington Avenue and Russel Avenue was discussed and approved to be on file at the City Clerk's office for at least 2 weeks for public review (Exhibit 6-b). A motion was made by Alderman Burgess and seconded by Alderman Cox to adopt an Ordinance (2022-09) changing the speed limit on Government Street between Washington Avenue and Russel Avenue to 15 mph due to public safety will be immediately effective. The motion passed with a roll call vote:

Alderman Cox	<u>Aye</u>
Alderman Burgess	<u>Aye</u>
Alderman Authement	<u>Aye</u>
Alderman Wade	<u>Aye</u>
Alderman Papania	<u>Aye</u>
Alderman Blackman	<u>Aye</u>
Alderman Impey	<u>Aye</u>

Ordinance 2022-09 will be effective immediately due to public safety.

The Mayor explained the recommendation to enact a moratorium on apartments due to infrastructure concerns (Exhibit 6-c). He said Jackson County Utility Authority (JCUA) sent some research stating multifamily developments strain our utilities 3 times per acre versus single-family developments. He said contractual services to JCUA increased by \$928,000. \$18 million in ARPA funding will help with some of the infrastructure issues but over \$36 million in needed infrastructure improvements have been identified. Alderman Impey said there is a 156-unit development in Ward 6 that is currently in Phase 2 of infrastructure improvements to be able to support that development. He said he supports the moratorium. Alderman Blackman requested a capacity study be completed. Alderman Authement expressed his concern about stopping developments in the process and said he was not prepared to make a vote on this issue. He requested an executive session, but the City Attorney said it would not qualify without a threat of litigation. The Mayor replied that any projects already permitted would not be stopped. Nathan Prescott requested to speak if there will be a vote on the moratorium. He said he researched the property, found the correct zoning for apartments, purchased the property in that zoning, and has hired Dale Architects to build apartments and multi-use development. He added that he followed the City's Unified Development Code and is not asking for a variance but to legally build by right, by building the development to code. The Mayor ended by stating this is not against any project, this is about providing quality services to the entire City. Alderman Cox requested later further discussion and asked if there are any developments currently in the process with the Planning Commission (PC). The Planning & Grants Administrator said there is one that requires a Conditional Use Permit deferred

to the next PC meeting and the development in the zoning district for multifamily development is not required to go through the PC. She said nothing has been approved but some are in process. A motion was made by Alderman Papania and seconded by Alderman Cox to adopt a Resolution implementing a 180-day moratorium on multifamily developments. The motion passed with a roll call vote:

Alderman Cox	<u>Nay</u>
Alderman Burgess	<u>Aye</u>
Alderman Authement	<u>Nay</u>
Alderman Wade	<u>Nay</u>
Alderman Papania	<u>Aye</u>
Alderman Blackman	<u>Aye</u>
Alderman Impey	<u>Aye</u>

The Mayor said the proposed Urban Renewal Map should be used to identify the locations for available tax abatements and abatements should not be granted outside of the mapped areas. Alderman Authement said it should be handled on a case-by-case basis without a moratorium and requested a reviewal of the Comprehensive Plan before a moratorium is enacted.

NEW BUSINESS

The Planning & Grants Administrator explained the appeal for 300 Ward Avenue PID #61011081.000 (Exhibit 7-a). She said they are appealing the UDC requirement of the 10-foot hard surface between the road and gravel driveway, as well as the gravel guest parking along Ward Avenue. The Planning Commission can recommend the use of gravel but cannot grant the variance for the inclusion of the 10-foot hard surface. She said the applicant is requesting approval of the gravel surfacing along with the reduction to a 3-foot hard service for the driveway on Kensington Avenue and no hard surface for the guest parking on Ward Avenue. The applicant, Shane Loper, gave a packet to the Board (added to Exhibit 7-a) supporting his request and said the neighborhood currently has 14 gravel driveways without 10' of hard surface. A motion was made by Alderman Authement and seconded by Alderman Wade to grant the appeal allowing the gravel surfacing along with the reduction to a 3-foot hard service for the driveway on Kensington Avenue and no hard surface for the guest parking on Ward Avenue at 300 Ward Avenue PID #61011081.000. The motion carries with Aldermen Burgess, Authement, Wade, and Cox voting aye; and Aldermen Papania, Blackman, and Impey voting nay.

A motion was made by Alderman Impey, seconded by Alderman Authement, and unanimously carried to reappoint Tyler Cox to the Historic Preservation Commission, term beginning August 1, 2022, and ending July 31, 2026.

A motion was made by Alderman Impey, seconded by Alderman Papania, and unanimously carried to reappoint Joe McCormick to the Planning Commission representing Ward 6, term beginning August 1, 2022, and ending July 31, 2025.

A motion was made by Alderman Impey, seconded by Alderman Blackman, and unanimously carried to reappoint Paul Kirkland and Yebri Gonzales to the Parks Advisory Board, terms beginning August 1, 2022 and ending July 31, 2027.

A motion was made by Alderman Impey, seconded by Alderman Authement, and unanimously carried to appoint Joey Conwell to the Planning Commission representing Ward 4, term beginning August 1, 2022, and ending July 31, 2025.

A motion was made by Alderman Impey, seconded by Alderman Cox, and unanimously carried to appoint Shannon Pfeiffer and John O'Hara to the Zoning and Adjustment Board, terms beginning August 1, 2022, and ending July 31, 2025.

DEPARTMENT REPORTS

City Clerk:

A motion was made by Alderman Impey, seconded by Alderman Cox, and unanimously carried to approve the Docket of Claims removing AGJ Systems & Networks #97259 - \$71,586.49 and adding Wilkinson, William, Bosio, & Sessoms May and June litigation statements totaling \$22,142.91; finding that all expenditures are appropriate and authorized by law, and spread the summary on the minutes (Exhibit 9-a).

A motion was made by Alderman Cox, seconded by Alderman Wade, and unanimously carried to adjust the water/sewer accounts listed on Exhibit 9-b; with the finding that the customers did not receive the benefit of the utility and the excess usages were due to unforeseen circumstances (Exhibit 9-b).

A motion was made by Alderman Impey, seconded by Alderman Blackman, and unanimously carried to authorize the presented budget amendments (Exhibit 9-c).

GENERAL PUBLIC COMMENT

Nathan Prescott spoke against the moratorium on apartment developments and in favor of multifamily developments. He expressed his view of the benefits of multifamily developments.

Bryant Harvey spoke against the moratorium on apartment developments. He explained his proposed development and said he checked the infrastructure of the area with the City and JCUA and there are no issues he has been made aware of before or since purchasing the property.

Mario Camps requested City intervention in removing roosters from Breezy Hill Lane. He said they have exhausted all Animal Control options and they are exhausted from lack of sleep dealing with the roosters.

Police Chief Dunston said Animal Control has done what they can.

Hailey Hill provided evidence their neighbors on Breezy Hill Lane are harboring roosters and requested a solution from the City to remove the roosters from the neighborhood.

MAYOR AND ALDERMEN'S FORUM

Alderman Burgess thanked the Department Heads for working on her work order list.

A motion was made by Alderman Authement, seconded by Alderman Cox, and unanimously carried to allow the emergency trimming of the Ruskin Oak at 309 Ruskin Avenue.

Alderman Blackman requested the Ordinance regarding required Board permission to demolish a dwelling over 50 years be amended to remove the Board approval requirement leaving the requirement for historic districts and landmarks only. He asked for an update on the Government Street Sidewalk project. The Planning & Grants Administrator replied they are waiting on permission to advertise from MDOT.

Alderman Impey announced the Ceremony honoring WWII Merchant Seaman, Mr. Harmon Donald Young, at the Merchant Seaman Memorial will be on July 30th at 9:00 a.m.

The Mayor said the memorial will be cleaned before the ceremony.

MEMORANDUM

To: Honorable Mayor and Board of Aldermen

From: Carolyn Martin, Planning and Grants Administrator

Date: August 2, 2022

**Re: PLANNING COMMISSION REPORT:
Linda Lindsey – 315 Pine Drive / PID: 61455015.050 – Application for
a Residential Short-Term Rental (STR) Permit**

The City of Ocean Springs Planning Commission (PC) considered the above referenced application at the regular meeting on Tuesday, June 14, 2022.

The property will allow for an occupancy maximum of eight (8) people and a maximum of three (3) vehicles as approved by the Fire Marshall and Building Official respectively. A letter of support was received prior to the public hearing. During the public hearing one neighbor expressed opposition and concern regarding potential increase in problems with trash. Three others spoke in favor of the application.

Recommendation from the Planning Department was for approval of a Residential Short-Term Rental permit subject to annual renewal. While this will be the 72nd permit issued, it will make only 61 active permits of 75 available permits at this time.

After reviewing the application, the PC voted unanimously with one member absent to recommend approval of the STR Permit.

Documentation related to this request is attached.

MEMORANDUM

To: Honorable Mayor and Board of Aldermen

From: Carolyn Martin, Planning and Grants Administrator

Date: July 5, 2022

**Re: PLANNING COMMISSION REPORT:
Jared Rhodes – 104 Keri Cove / PID#: 61037401.000 – Application for
a Residential Short-Term Rental (STR) Permit**

The City of Ocean Springs Planning Commission (PC) considered the above referenced application at the regular meeting on Tuesday, July 12, 2022.

The property will allow for an occupancy maximum of eight (8) people and a maximum of four (4) vehicles as approved by the Fire Marshall and Building Official respectively. Verbal objection stating concern for the neighborhood was received prior to the public hearing and is reflected in the memo. Five additional neighbors stated objection during the meeting and provided the attached letter with 19 names.

Recommendation from the Planning Department was for approval of a Residential Short-Term Rental permit subject to annual renewal. While this will be the 76th permit issued, it will make only 65 active permits of 75 available permits at this time.

After reviewing the application, the PC voted unanimously with one member absent to recommend approval of the STR Permit.

Documentation related to this request is attached.

CITY OF OCEAN SPRINGS
PLANNING DEPARTMENT

Dear Planning Department,

It was brought to our attention on or about June 29, 2022 that the owner of 104 Keri Cove applied to be considered a residential short-term rental. We do not support this request.

Our subdivision is a small community within our self. Neighbors support each and look out for each other's property. We have children in our area as well as pets that we want to ensure are safe. A short term rental would not allow us to get to know our neighbors and would result in more in and out traffic in our neighborhood.

Once you allow one short term rental in our small neighborhood, how many more are going to be allowed? On the Ocean Springs website we are not even able to obtain the ordinances and regulations or the list of permitted short term rentals within city limits. We have to request the information.

Why isn't this information made available on the website for all homeowners to see?

We feel that a short term rental in our neighborhood is not in our best interest or the safest decision for our homeowners. Again we are a small subdivision that looks out for each other's interests and property. Many of us know each other on a first name basis, which isn't always common in this day and age and we would like to keep it that way. We don't want a new neighbor every week.

**PLANNING COMMISSION REPORT
-- PUBLIC HEARING --**

PUBLIC HEARING DATE: Tuesday, July 12, 2022

APPLICANT: Jared Rhodes

LOCATION: 104 Keri Cove / PID#: 61037401.000

REQUESTED ACTION: Residential Short Term Rental Permit

DATE OF APPLICATION: APRIL 19, 2022

ADJACENT ZONING/LAND USE:

Subject Property:	R-D, Two-Family Residential
North, South, East, West:	R-D, Two-Family Residential

DESCRIPTION OF REQUEST:

- Per Ordinance 2015-11, 2018-02, 2021-05 and 2021-25, the application is for a short-term rental permit to allow usage for less than 30 days.
- Site Location: the property is located on Keri Cove west of Bechtel Boulevard

FINDINGS:

- **Local Property Manager:** Christopher Dearman will serve as the local property manager. With an address of 2003 Government Street, the residency requirement of within two (2) miles of the city limit is satisfied.
- **Application:** Submittal is complete and was received prior to the deadline. A copy of the rental agreement is attached for consideration.
- **Homeowner's Association:** On the application form, the applicant indicated that this is not a covenant-restricted neighborhood with an active HOA.
- **Liability Insurance:** The signed application states that the liability insurance for the property does not exclude short term rentals from coverage, as well as conformance with building code, zoning requirements. There are no deed restrictions and taxes are current.
- **Fee:** The application fee was provided with the application. The mail-out fee was paid prior to distribution.
- **Notice via Standard Mail:** The notice of public hearing was sent to 68 property owners within 500 feet of the subject property. The distribution included the name of the applicant, notice of the hearing date, time and location, and a summary of Frequently Asked Questions regarding short-term rentals.
- **Publication:** Notice of the public hearing was advertised at least 15 days prior to the date of the hearing per ordinance. Additionally, the required yard sign was placed in the yard.
- **Inspection:** The property was inspected for all required elements on 6/6/22 and was approved. Inspection form is attached for review.
- **Maximum Occupancy:** The requested a maximum occupancy of 8 was approved by the Fire Marshall during the above referenced inspection.
- **Maximum Number of Vehicles:** The request for a maximum number of 4 vehicles was approved by the Building Official during the above referenced inspection.
- **Guest Rules:** The rules were posted and visible during the property inspection.
- **Code Violation Complaints:** No code violations or police reports were documented for this address in the past 12 months.

FEEDBACK:

- No written input was received at the time of this memo, however, a neighbor, Ms. Klish, voiced her opposition on a telephone call as well as in person. She stated that she and the entire neighborhood were opposed, that they were already experiencing problems with the nearby apartments and that her neighborhood is mostly elderly, single, women and that they fear the impact of a short term rental.

SUMMARY:

The application for this property is complete and compliant with the adopted code, and the physical inspection passed. The recommendation is for approval of a Residential Short-Term Rental permit, subject to annual renewal.

Re: PLANNING COMMISSION REPORT: 3074 Government St./ PID
No. 60128041.000 – Request Approval of a Lot Split to create
two parcels; Applicant – Brantley Broome

The Planning Commission (PC) considered this request at its regular meeting on Tuesday, June 14, 2022. The specific request is to split this 3.68 acre parcel into two (2) lots of 1.0 acres (Parcel A) consisting of the existing convenience store and a 2,000 sq. ft. metal building, and 2.51 acres (Parcel B), which is undeveloped land with access to Curmis Broome Dr. and Morris Noble Rd.

A rezoning application was also submitted with the lot split application but was deferred to the August PC meeting at the applicant's request. In addition, the applicant presented to the PC a revised lot split plan that addressed the building setback issues noted by the planning staff.

The PC considered the information provided by the applicant, the revised lot split plan and the report from the staff. A motion to recommend approval of the application passed UNANIMOUSLY with all members present voting YES and one member ABSENT.

Documentation related to the application is attached.

PLANNING COMMISSION REPORT

PUBLIC MEETING DATE: July 12, 2022

APPLICANT(S): Brantley Broome

CURRENT OWNER? ✓ Yes No

LOCATION: 3074 Government Street / PID# 60128041.000

REQUESTED ACTION: Lot Split to create two (2) parcels.

DATE OF APPLICATION: March 2, 2022

ADJACENT ZONING AND LAND USE:

Subject Property: R-2, Single-Family Residential and C-H Regional Commercial Districts – a convenience store with gasoline sales and a single-family dwelling;

North: R-2 District – single-family residential district; and C-H district – vehicle repair shop;

East: across Government Street – R-1A, Special Apartment Use District – undeveloped parcel;

South: across Curmis Broome Drive - R-2, single-family residential district – single-family dwellings and C-H, regional commercial district – undeveloped parcel;

West: across Morris Noble Road – R-2, single-family residential district – Clay Boyd Park.

CURRENT CONDITIONS:

- Property Size: 3.68 acre total

CURRENT ZONING:

- The applicant requests to split this 3.68 acre parcel into two (2) lots of 1.06 acres (Parcel A) consisting of the existing convenience store, and 2.68 acres (Parcel B), which contains a 2,000 sq. ft. metal building and undeveloped land.
- A rezoning application has also been submitted for the property. The 2.68 acre Parcel B is proposed to be rezoned to the R-1A, Special Apartment Use district.

FINDINGS:

- The distances from the convenience store and metal building to the proposed lot line are not provided on the survey but appear to be less than the minimum setback distances. The C-H district requires a minimum 10-foot rear yard setback. Accessory buildings have a standard 5-foot setback from side and rear property lines. The proposed lot split may create non-conforming structures.
- If the required building setback distances for the convenience store and metal building cannot be provided, the proposed lot boundary should be shifted westward so that the metal building is within Parcel A, with a 5-foot setback distance from the parcel boundary.
- A 10-foot-wide private sanitary sewer easement shall be designated along the existing sewer line extending through Parcel B.

CITY DEPARTMENT COMMENTS:**PUBLIC WORKS:****WATER DEPT.:**

1. A water tap must be requested at the Public Works office at 228-875-3955. All costs associated with the water tap is the responsibility of the homeowner/developer/owner.
2. No water on Curmis Broome Rd.
3. Existing water runs in this property for store.
4. All work to be done by the developer; need to know what water will be needed.

SEWER DEPT.:

1. A sewer tap must be requested at the Public Works office at 228-875-3955. All costs associated with the sewer tap is the responsibility of the homeowner/developer/owner.
2. What will be done with the existing sewer line that runs through the lot split?
3. Existing sewer system will need a load capacity check.
4. Morris Noble rd. gravity sewer is about 3 ft. deep and clay pipe.
5. Government St. has a pressure force main.

DRAINAGE/STREET:

Site has poor drainage.

OTHER FEEDBACK:

- No public input was received on this issue.

RECOMMENDATION: Approval of the lot split, on the condition that the minimum building and accessory structure setback distances are provided.

PROPOSED MOTION: To recommend approval of the lot split of 3407 Government Street as described in the application and survey and on the condition that the minimum building and accessory structure setback distances are provided.

MEMORANDUM

To: Honorable Mayor and Board of Aldermen
From: Carolyn Martin, Planning and Grants Administrator
Date: August 2, 2022
Re: GOMESA – MSDMR: Front Beach Public Access
Authorization to Execute Professional Services Agreement with Cypress
Environment & Infrastructure

With the purchase of the Fayard property at 400 Front Beach Drive and the receipt of GOMESA funding for the initial improvements to the property, the attached proposal for design services is presented for consideration from Cypress Environment & Infrastructure.

This proposal is intended to provide engineering and design services for the first phase of development as well as 30% design plans for the marina and living shoreline components that will be completed with the next phase of funding. This overlap will allow for efficient use of effort for those items that will support both phases.

I respectfully request authorization for the mayor to execute the attached Agreement with Cypress Environment & Infrastructure as described.

EXHIBIT # 8-W

**STANDARD FORM OF AGREEMENT
BETWEEN
OWNER AND ENGINEER
FOR
PROFESSIONAL SERVICES**

This Standard Form of Agreement Between Owner & Engineer for PROFESSIONAL SERVICES ("Agreement") between CITY OF OCEAN SPRINGS, ("OWNER") and CYPRESS ENVIRONMENT & INFRASTRUCTURE, 906 Desoto Street Ocean Springs, MS 39564 ("ENGINEER"). OWNER intends to develop the property known as the "Fayard Property" over the coming years. This contract includes the following components, heretoeafter known as the "Project":

- Bathymetric and topographic survey for the purposes of design,
- Geotechnical investigations for the purposes of design,
- Environmental permitting,
- 30% design only for the marina design and the living shoreline,
- 100% design only for the bulkhead, sitework and rough grading, hardscaping design, landscaping design, and pavilion/event structure,
- Bidding/negotiation support, and
- Construction engineering and inspection for the bulkhead construction, sitework and rough grading.

No other aspects related to development of the Fayard Property are part of this contract.

OWNER and ENGINEER in consideration of their mutual covenants herein agree in respect of the performance of professional services by ENGINEER and the payment for those services by OWNER as set forth below.

SECTION 1- BASIC SERVICES OF ENGINEER

1.1 General.

- 1.1.1. ENGINEER shall provide for OWNER professional engineering services in all phases of the Project to which this Agreement applies as hereinafter provided. These services will include serving as OWNER's professional engineering representative for the Project, providing professional engineering consultation and advice and furnishing customary civil and environmental engineering services. These services include bathymetric and topographic survey, geotechnical engineering investigations, preliminary design (30% design development for the marina and living shoreline), final design (100% design development for site demolition, bulkhead design, site clearing, rough grading, hardscape and landscape design, and pavilion/event structure design), environmental permitting, and construction engineering and inspection for the existing site demolition, bulkhead construction, site clearing, and rough grading.
- 1.1.2. Description of Improvements: This project will partially redevelop the Fayard Property, located on Front Beach at the foot of Jackson Street in Ocean Springs, MS. These services

include bathymetric and topographic survey, geotechnical engineering investigations, preliminary design (30% design development for the marina and living shoreline), final design (100% design development for site grading, bulkhead design, hardscaping and landscaping design, and pavilion/event structure design), environmental permitting, and construction engineering and inspection for the bulkhead, sitework and rough grading. ENGINEER will coordinate with appropriate local, state, and federal agencies throughout the project.

1.2. Preliminary Design Phase.

After written authorization to proceed, ENGINEER shall:

1.2.1 In consultation with OWNER determine the general scope, extent and character of the Project.

1.2.2 Conduct bathymetric mapping, utility documentation and supplemental survey data collection as needed for project design based on 1.2.1.

1.2.3 Prepare Preliminary Design documents consisting of final design criteria, preliminary drawings, outline specifications and written descriptions of the Project. The Preliminary Design documents shall be prepared consistent with one (1) prime contract being awarded by the OWNER. Preliminary Design documents shall be prepared for the marina, and living shoreline, plus all project elements to be developed to Final Design as described in 1.3.2

1.2.4 Advise OWNER if additional data or services of the types described in paragraph 3.4. are necessary and assist OWNER in obtaining such data and services.

1.2.5 Based on the information contained in the Preliminary Design documents, submit a revised Opinion of Probable Total Project Costs.

1.2.6 Coordinate with the Mississippi Department of Marine Resources (MDMR) and U.S. Army Corps of Engineers (USACE) for project review for future permitting.

1.2.7 Furnish one (1) paper copies and an electronic copy of the above Preliminary Design documents and present and review them in person with OWNER.

1.3. Final Design Phase.

After written authorization to proceed, Engineer shall:

1.3.1 In consultation with Owner determine the general scope, extent and character of the Project.

1.3.2 Prepare Final Design documents consisting of final design criteria, preliminary drawings, outline specifications and written descriptions of the Project. The Design documents shall be prepared consistent with one (1) prime contract being awarded by the Owner. Final Design documents shall be prepared for the bulkhead, sitework and rough grading, hardscape, landscape

and pavilion/event structure only.

1.3.3 Advise Owner if additional data or services of the types described in paragraph 3.4. are necessary and assist Owner in obtaining such data and services.

1.3.4 Based on the information contained in the Design documents, submit a revised Opinion of Probable Total Project Costs.

1.3.5 Coordinate with the Mississippi Department of Marine Resources (MDMR), U.S. Army Corps of Engineers (USACE), the Mississippi Department of Environmental Quality (MDEQ), and other necessary state and federal agencies for permitting for the project.

1.3.6 Furnish two (2) paper copies and an electronic copy of the above Design documents and present and review them in person with OWNER.

1.3.7 After final design concludes, the ENGINEER shall provide bidding or negotiation services. The bidding or negotiation services shall only include the existing site demolition, bulkhead, site clearing, and rough grading from the Final Design Phase. After written authorization to proceed with the Bidding or Negotiation Phase, Engineer shall:

- Assist Owner in advertising for and obtaining bids or negotiating proposals for the contract for construction, materials, equipment and services; and, where applicable, maintain a record of prospective bidders to whom Bidding Documents have been issued, attend pre-bid conferences and receive and process deposits for Bidding Documents.
- Issue addenda as appropriate to interpret, clarify or expand the Bidding Documents.
- Advise Owner as to the acceptability of subcontractors, suppliers and other persons and organizations proposed by the prime contractor (herein called "Contractor(s)") for those portions of the work as to which such acceptability is required by the Bidding Documents.
- Advise Owner concerning and determine the acceptability of substitute materials and equipment proposed by Contractor(s) when substitution prior to the award of contracts is allowed by the Bidding Documents.
- Attend any pre-bid conference, the bid opening, prepare bid tabulation sheets and assist Owner in evaluating bids or proposals and in assembling and awarding contracts for Recovery Services, materials, equipment, and services.

1.4. Construction Services Phase.

The Construction Services Phase shall only include the bulkhead, sitework and rough grading from the Final Design Phase, as described in 1.3 above. After written authorization to proceed with the Construction Services Phase, Engineer shall:

- 1.4.1 Provide part-time Resident Project Representative services to oversee project construction for bulkhead construction and site grading.
- 1.4.2 Conduct stormwater control inspections to maintain compliance with MDEQ SWPPP requirements.
- 1.4.3 Advise Owner as to the acceptability of payment applications made by Contractor(s).
- 1.4.4 Conduct pre-final inspection and punch list development.
- 1.4.5 Conduct final inspection and produce project close-out documents.
- 1.4.6 Finalize record drawings and deliver to OWNER.

SECTION 2 – ADDITIONAL SERVICES OF ENGINEER

2.1. Services Requiring Authorization in Advance.

If authorized in writing by OWNER, ENGINEER shall furnish or obtain from others Additional Services of the types listed in paragraphs 2.1.1 through 2.1.14, inclusive.

2.1.1. Preparation of applications and supporting documents (in addition to those furnished under Basic Services) for private or governmental grants, loans or advances in connection with Project; preparation or review of environmental assessments and impact statements; review and evaluation of the effect on the design requirements of the Project of any such statements and documents prepared by others; and assistance in obtaining approvals of authorities having jurisdiction over the anticipated environmental impact of the Project.

2.1.2. Services to make measured drawings of or to investigate existing conditions or facilities, or to verify the accuracy of drawings or other information furnished by OWNER.

2.1.3. Services resulting from significant changes in the general scope, extent or character of the Project or its design including, but not limited to, changes in size, complexity, OWNER's schedule, character of construction method of financing; and revising previously accepted studies, reports, design documents or Contract Documents when such revisions are required by changes in laws, rules, regulations, ordinances, codes or orders enacted subsequent to the preparation of such studies, reports or documents, or are due to any other causes beyond ENGINEER's control.

2.1.4. Providing renderings or models for OWNER's use.

2.1.5. Preparing documents for alternate bids requested by OWNER for Contractor(s)' work which is not executed or documents for out-of-sequence work.

2.1.6. Investigations and studies involving, but not limited to, detailed consideration of operations, maintenance and overhead expenses; providing value engineering during the course of design; the preparation of feasibility studies, cash flow and economic evaluations, rate schedules and appraisals; assistance in obtaining financing for the project; evaluating processes available for

licensing; detailed quantity surveys of material, equipment and labor; and audits or inventories required in connection with construction performed by OWNER.

2.1.7. Furnishing services of independent professional associates and consultants for other than Basic Services (which include, but are not limited to, customary civil engineering); and providing data or services to the types described in paragraph 3.4 when OWNER employs ENGINEER to provide such data or services in lieu of furnishing the same in accordance with paragraph 3.4.

2.1.8. [NOT USED]

2.1.9. Services during out-of-town travel required of ENGINEER other than visits to the site or CITY's office as required by Section 1.

2.1.10. Assistance in connection with bid protests, rebidding or renegotiating contracts for construction, materials, equipment or services, except when such assistance is required to complete services called for in paragraph 5.2.2.2.

2.1.11. Providing any type of property surveys or related engineering services needed for the transfer of interests in real property and field surveys for design purposes and engineering surveys and staking to enable Contractor(s) to proceed with their work; and providing other special field surveys.

2.1.12. Preparation of operating, maintenance and staffing manuals to supplement Basic Services.

2.1.13. Preparing to serve or serving as a consultant or witness for OWNER in any litigation, arbitration or other legal or administrative proceeding involving the Project.

2.1.14. Additional services in connection with the Project, including services which are to be furnished by OWNER in accordance with Article 3, and services not otherwise provided for in this Agreement.

2.1.15. [NOT USED]

2.2. Required Additional Services.

When required by the Contract Documents in circumstances beyond ENGINEER control, ENGINEER shall furnish or obtain from others, as circumstances require during the performance of the Recovery Services and without waiting for specific authorization from OWNER, Additional Services of the types listed in paragraph 2.2.1. through 2.2.5. inclusive. These services are not included as part of Basic Services. ENGINEER shall advise OWNER promptly after starting any such Additional Services which will be paid for by OWNER as indicated in Section 5.

2.2.1. Services in making revisions to drawings and Specifications occasioned by the acceptance of substitutions proposed by Contractor(s); and services after the award of each contract in evaluating and determining the acceptability of an unreasonable or excessive number of substitutions proposed by Contractor.

2.2.2. Services resulting from significant delays, changes or price increases occurring as a direct or indirect result of material, equipment or energy shortages.

2.2.3. Additional or extended services during construction made necessary by (1) work damaged by fire or other cause during construction, (2) a significant amount of defective or neglected work of any Contractor, (3) acceleration of the progress schedule involving services beyond normal working hours, and (4) default by any Contractor.

2.2.4. Services in connection with any partial utilization of any part of the Project by OWNER prior to Substantial Completion.

2.2.5. Evaluating an unreasonable or extensive number of claims submitted by Contractor(s) or others in connection with the work.

SECTION 3 - CITY'S RESPONSIBILITIES

CITY shall do the following in a timely manner so as not to delay the services of ENGINEER:

3.1. Designate in writing a person to act as OWNER's representative with respect to the services to be rendered under this Agreement. Such person shall have complete authority to transmit instructions, receive information, interpret and define OWNER's policies and decisions with respect to ENGINEER's services for the Project.

3.2. Provide all criteria and full information as to OWNER's requirements for the Project, including design objectives and constraints, space, capacity and performance requirements, flexibility and expandability, and any budgetary limitations; and furnish copies of all design and construction standards which OWNER will require to be included in the Drawings and Specifications.

3.3. Assist ENGINEER by placing at ENGINEER's disposal all available information pertinent to the Project including previous reports and any other data relative to design or construction of the Project.

3.4. Furnish to ENGINEER, as required for performance of ENGINEER's Basic Services the following:

3.4.1. Data prepared by or services of others, including without limitation borings, probings and subsurface explorations, hydrographic surveys, laboratory tests and inspections of samples, materials and equipment;

3.4.2. appropriate professional interpretations of all of the foregoing;

3.4.3. environmental assessment and impact statements;

3.4.4. property, boundary, easement, right-of-way, topographic and utility surveys;

3.4.5. property descriptions;

3.4.6. zoning, deed and other land use restriction; and

3.4.7. other special data or consultations not covered in Section 2; all of which ENGINEER may use and rely upon in performing services under this Agreement.

3.5. Provide field surveys to establish reference points for construction (except to the extent provided otherwise in Exhibit A "Further Description of Basic Services and Related Matters") to enable Contractor(s) to proceed with the layout of work.

3.6. Arrange for access to and make all provisions for ENGINEER to enter upon public and private property as required for ENGINEER to perform services under this Agreement.

3.7. Examine all studies, reports, sketches, Drawings, Specifications, proposals and other documents presented by ENGINEER, obtain advice of an attorney, insurance counselor and other consultants as OWNER deems appropriate for such examination and render in writing decisions pertaining thereto within a reasonable time so as not to delay the services of ENGINEER.

3.8. Furnish approvals and permits from all governmental authorities having jurisdiction over the Project and such approvals and consents from others as may be necessary for completion of the Project.

3.9. Provide such accounting, independent cost estimating and insurance counseling services as may be required for the Project, such legal services as OWNER may require or ENGINEER may reasonably request with regard to legal issues pertaining to the Project including any that may be raised by Contractor(s), such auditing services as OWNER may require to ascertain how or for what purpose any Contractor has used the moneys paid under the construction contract, and such inspection services as OWNER may require to ascertain that Contractor(s) are complying with any law, rule, regulation, ordinance, code or order applicable to their furnishing and performing the work.

3.10. If OWNER designates a person to represent OWNER at the site who is not ENGINEER or ENGINEER's agent or employee, the duties, responsibilities and limitations of authority of such other person and the affect thereof on the duties and responsibilities of ENGINEER and the Resident Project Representative (and any assistants) will be set forth in an exhibit that is to be identified, attached to and made a part of this Agreement before such services begin.

3.11. If more than one prime contract is to be awarded for construction, materials, equipment and services for the entire Project, designate a person or organization to have authority and responsibility for coordinating the activities among the various prime contractors.

3.12. Furnish to ENGINEER data or estimated figures as to OWNER's anticipated costs for services to be provided by others for OWNER (such as services pursuant to paragraphs 3.7 through 3.11, inclusive and other costs of the types referred to in paragraph 1.2.6) so that MANAGER may make the necessary findings to support opinions of probable Total Project Costs.

3.13. Attend the pre-bid conferences, bid opening, pre-construction conferences, construction

progress and other job-related meetings and substantial completion inspections and final payment inspections.

3.14. Give prompt written notice to ENGINEER whenever OWNER observes or otherwise becomes aware of any development that affects the scope or timing of ENGINEER's services, or any defect or non-conformance in the work of any Contractor.

3.15. Furnish, or direct ENGINEER to provide, Additional Services as stipulated in paragraph 2.1. of this Agreement or other services as required.

3.16. Bear all costs incident to compliance with the requirements of this Section 3.

SECTION 4 - PAYMENTS TO ENGINEER

4.1. Methods of Payment for Services and Expenses of ENGINEER.

4.1.1. *For Basic Services.* OWNER shall pay ENGINEER for Basic Services as follows:

4.1.1.1. *One Prime Contract.* For one prime contract awarded for construction, materials and equipment for the Project, an amount equal to that expressed in Exhibit A, Payments to ENGINEER, for all Basic Services. Payment to ENGINEER for work completed under this contract shall be on a lump sum basis, billed monthly based on percent of work complete per task.

4.1.1.2. *Resident Project Services* [NOT USED]

4.1.2. *For additional Services.* OWNER shall pay ENGINEER for Additional Services rendered under Section 2 as follows:

4.1.2.1. *General.* For Additional Services of ENGINEER's principals and employees engaged directly on the Project and rendered pursuant to paragraph 2.1. or 2.2. (except services as a consultant or witness under paragraph 2.1.13), at standard hourly rates for services rendered by principals and employees assigned to resident project representation, as shown in Exhibit C.

4.1.2.2. *Serving as a Witness.* For services rendered by ENGINEER's principals and employees as consultants or witnesses in any litigation, arbitration or other legal or administrative proceeding in accordance with paragraph 2.1.13. at the rate of \$1,200 per day or any portion thereof (but compensation for time spent in preparing to appear in any such litigation, arbitration or proceeding will be on the basis provided in paragraph 4.1.2.1). Compensation for ENGINEER's independent professional associates and consultants will be on the basis provided in paragraph 4.1.2.1.

4.1.3. *For Reimbursable Expenses.* In addition to payments provided for in paragraphs 4.1.1. and 4.1.2. OWNER shall pay ENGINEER the actual costs of all Reimbursable Expenses incurred in connection with all Basic and Additional Services.

4.1.4. As used in this paragraph 4.1, the terms "Standard Hourly Rates" and "Reimbursable Expenses" have the meanings assigned to them in paragraph 4.4, and the term "Construction Cost"

has the meaning assigned to it in paragraph 5.1. When Construction Cost is used as a basis for payment it will be based on one of the following sources with precedence in the order listed for work designed or specified by ENGINEER;

4.1.4.1 For completed construction work, the total cost of all work performed as designed or specified by ENGINEER.

4.1.4.2 For work designed or specified but not constructed, the lowest bona fide bid received from a qualified bidder for such work; or, if the work is not bid, the lowest bona fide negotiated proposal for such work.

4.1.4.3 For work designed or specified but not constructed upon which no such bid or proposal is received, the most recent estimate of Construction Cost, or, if none is available, ENGINEER's most recent opinion of probable Construction Cost.

Labor furnished by OWNER for the Project will be included in the Construction cost at current market rates including a reasonable allowance for overhead and profit. Materials and equipment furnished by OWNER will be included at current market prices. No deduction is to be made from Construction Costs on account of any penalty, liquidated damages, or other amounts withheld from payments to Contractor(s).

4.2 Times of Payments.

4.2.1. ENGINEER shall submit monthly statements for Basic and Additional Services rendered and for Reimbursable Expenses incurred. The statements will be based upon ENGINEER's and OWNER's agreed upon estimate of the proportion of the total services actually completed at the time of billing. OWNER shall make prompt monthly payments in response to ENGINEER's monthly statements.

4.3. Other Provisions Concerning Payments.

4.3.1. In the event of termination by OWNER under paragraph 6.1 upon the completion of any phase of the Basic Services, progress payments due ENGINEER for services rendered through such phase shall constitute total payment for such services. In the event of such termination by OWNER during any phase of the Basic Services, ENGINEER will be paid for services rendered during that phase on the basis of Exhibit C for services rendered during that phase to date of termination by ENGINEER's principals and employees engaged directly on the Project. In the event of any such termination, ENGINEER also will be reimbursed for the charges of independent professional associates and consultants employed by ENGINEER to render Basic Services, and paid for all unpaid Additional Services, and unpaid Reimbursable Expenses, plus all termination, which, if termination is at OWNER's convenience, shall include an amount computed as a percentage of total compensation for Basic Services earned by ENGINEER to date of termination.

4.4. Definitions.

4.4.1 The Standard Hourly Rates used as a basis for payment mean salaries and wages (basic and incentive) with overhead factors paid to all ENGINEER's personnel engaged directly on the

Project, including, but not limited to, engineers, architects, surveyors, designers, draftsmen, specification writers, estimators, other technical and business personnel: plus the cost of customary and statutory benefits including, but not limited to, social security contributions, unemployment, excise and payroll taxes, workers compensation, health and retirement benefits, sick leave, vacation and holiday and other group benefits.

4.4.2 Reimbursable Expenses mean the actual expenses incurred by ENGINEER or ENGINEER's independent professional associates or consultants, directly or indirectly in connection with the Project, such expenses for: transportation and subsistence incident thereto; providing and maintaining field office facilities including furnishings and utilities; subsistence and transportation of Resident Project Representatives and their assistants; toll telephone calls and telegrams; reproduction of reports, Drawings, Specifications, Bidding Documents, and similar Project-related items in addition those required under Section 1; and, if authorized in advance by OWNER, overtime work requiring higher than regular rates.

4.4.2.1. Reimbursables should not include (i) travel expenses from the ENGINEER's office to site, (ii) expenses of the ENGINEER's principal office and other offices other than the site office, (iii) costs due to the fault or negligence of or failure to comply with the requirements of the Agreement by the ENGINEER or (iv) federal, state or local income or franchise taxes.

SECTION 5 - OPINION OF PROBABLE COST

5.1. Construction Cost.

The construction cost of the entire Project (herein referred to as Construction Cost) means the total cost to OWNER of those portions of the entire Project designed and specified by ENGINEER, but it will not include ENGINEER's compensation and expenses, the cost of land, rights-of-way, or compensation for or damages to, properties unless this Agreement so specifies, or will it include OWNER's legal, accounting, insurance counseling or auditing services, or interest and financing charges incurred in connection with the Project or the cost of other services to be provided by others to OWNER pursuant to paragraphs 3.7 through 3.11, inclusive.

5.2. Opinions of Cost.

5.2.1 Since ENGINEER has no control over the cost of labor, materials, equipment or services furnished by others, or over the Contractor(s) methods of determining prices, or over competitive bidding or market conditions, ENGINEER's opinions of probable Total Project Costs and Construction Cost provided for herein are to be made on the basis of ENGINEER's experience and qualifications and represent MANAGER's best judgment as an experienced and qualified professional ENGINEER, familiar with the construction industry; but ENGINEER cannot and does not guarantee that proposals, bids or actual Total Project or Construction Costs will not vary from opinions of probable cost prepared by ENGINEER. If prior to the Bidding or Negotiating Phase OWNER wishes greater assurance as to Total Project or Construction Costs, OWNER shall employ an independent cost estimator as provided in paragraph 3.9.

5.2.2. Based on the Construction Cost limit established above, the following will apply:

5.2.2.1. ENGINEER will be permitted to determine what types of materials, equipment and component systems are to be included in the Drawings and Specifications and to make reasonable adjustments in the general scope, extent and character of the Project to bring it within the cost limit.

5.2.2.2. If the lowest bona fide proposal or bid exceeds the established Construction Cost limit, OWNER shall (1) authorize negotiating or rebiddings the Project within a reasonable time, and/or (2) cooperate in revising the Project's general scope, extent or character to the extent consistent with the Project's requirements and within sound engineering practices. In the case of (2), ENGINEER shall modify the Contract Documents as necessary to bring the Construction Cost within the cost limit.

SECTION 6 - GENERAL CONSIDERATION

6.1. Termination.

The obligation to provide further services under this Agreement may be terminated by either party upon thirty days written notice in the event of substantial failure by the other party to perform in accordance with the terms hereof through no fault of the terminating party.

6.2. Reuse of Documents.

All documents including Drawings and Specifications prepared or furnished by ENGINEER (and ENGINEER's independent professional associates and consultants) pursuant of this Agreement are instruments of service in respect of the Project and ENGINEER shall retain ownership and property interest therein whether or not the Project is completed. OWNER may make and retain copies for information and reference in connection with the use and occupancy of the Project by OWNER and others; however, such documents are not intended or represented to be suitable for reuse by OWNER or others on extensions of the Project or on any other project. Any reuse without written verification or adaption by ENGINEER for the specified purpose intended will be at OWNER's sole risk and without liability or legal exposure to ENGINEER, or to ENGINEER's independent professional associates or consultants, and OWNER shall indemnify and hold harmless ENGINEER and ENGINEER's independent professional associates and consultants from all claims, damages, losses and expenses including attorney's fees arising out of or resulting therefrom. Any such verification or adaptation will entitle ENGINEER to further compensation at rates to be agreed upon by OWNER and ENGINEER.

6.3. Insurance.

6.3.1. ENGINEER shall procure and maintain professional liability insurance for protection from claims arising out of professional services caused by a negligent error, omission, or act for which the insured is legally liable; such professional liability insurance shall provide coverage in the amount of \$1,000,000. ENGINEER shall deliver to OWNER a certificate evidencing the assurance of such a policy.

6.4. Controlling Law.

This Agreement is to be governed by the law of the State of Mississippi.

6.5. Successors and Assigns.

6.5.1. OWNER and ENGINEER each is hereby bound and the partners, successors, executors, administrators and legal representatives of OWNER and ENGINEER (and to the extent permitted by paragraph 6.5.2. that assigns of OWNER and ENGINEER) are hereby bound to the other party

to this Agreement and to the partner successors, executors, administrators, and legal representatives (and said assigns) of such other party, respect of all covenants, agreements, and obligations of this Agreement.

6.5.2. Neither OWNER nor ENGINEER shall assign sublet or transfer any rights under or interest in (including, but without limitation, moneys that may become due or moneys that are due) this Agreement without the written consent of the other, except to the extent that any assignment, subletting or transfer is mandate by law or the effect of this limitation may be restricted by law. Unless specifically stated to the contrary in and written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under this Agreement. Nothing contained in this paragraph shall prevent ENGINEER from employing such independent professional associates and consultants as ENGINEER may deem appropriate to assist in the performance of services hereunder.

SECTION 7 - SPECIAL PROVISIONS, EXHIBITS AND SCHEDULES.

7.1 This Agreement is subject to the following special provisions.

7.1.1 The Preliminary Design Phase, Final Design Phase, Bidding or Negotiation Phase, and Construction Services Phase, as described herein, of this Contract between the City of Ocean Springs and Cypress Environment & Infrastructure, are subject to the availability and amount of funding for this Project.

7.2 The following Exhibits are attached to and made a part of this Agreement:

7.2.1 Exhibit A – Payments to ENGINEER, consisting of 19 pages.

7.2.2 Exhibit B – A Listing of the Duties, Responsibilities, and Limitations of Authority of the Representative Project Representative, consisting of 4 pages.

7.2.3 Exhibit C – Notice of Acceptability of Work, consisting of 1 page.

7.2.4 Exhibit D – Proposed Schedule of Work, consisting of 1 page.

7.3 This Agreement, together with the Exhibits and Schedules, identified above constitute the entire agreement between OWNER and ENGINEER and superseded all prior written or oral understandings. This Agreement and said Exhibits and schedules may only be amended, supplemented, modified or canceled by a duly executed written instrument.

IN WITNESS WHEREOF, the parties hereto have made and executed this Agreement as of the day and year first above written.

TO AGREEMENT BETWEEN OWNER
AND ENGINEER FOR PROFESSIONAL SERVICES,
Dated_____ , 2022

PAYMENTS TO ENGINEER

1. This is an exhibit attached to, made a part of and incorporated by reference into the Agreement made on_____, 2022 between the CITY OF OCEAN SPRINGS, (OWNER) and CYPRESS ENVIRONMENT & INFRASTRUCTURE (ENGINEER) providing for professional Engineering Services.

SERVICES:

A. Preliminary Design Phase

Description below.

COST: \$402,225.00

B. Final Design, Permitting, and Bidding Phase

Description below.

COST: \$371,160.00

C. Construction Phase Services

Description below.

COST: \$100,000.00

BASIC SERVICES:

1.01 Management of Engineering Services

- A. All phases of Engineer's services will include management of Engineer's Project-specific responsibilities, including but not limited to the following management tasks, whether separately tracked and itemized or included as being incidental to other phase and scope task items.
1. Develop and submit an Engineering Services Schedule. The Engineering Services Schedule will:
 - a. be consistent with and serve as a supplement to the Schedule of Deliverables set forth in Exhibit D.
 - b. be updated on a regular basis, and as required to reflect any programmatic decisions by Owner.
 - c. include, but not be limited to, an anticipated sequence of tasks; estimates of task duration; interrelationships among tasks; milestone meetings and submittals; anticipated schedule of construction; and other pertinent Project events.
 2. Develop and submit detailed work plans from Exhibit A tasks.
 3. Coordinate services within Engineer's internal team, and with Subconsultants and Engineer's Subcontractors.
 4. Prepare for and participate in meetings with consultants and contractors working on other parts of the Project that may affect, or be affected by, Engineer's services or resulting construction.
 5. Prepare and submit **monthly** engineering services progress reports to the Owner. Include summary of services performed in period, expected progress in next period, percent completion of current tasks, and a description of major issues or concerns.
 6. Special Invoicing: In addition to, or as a substitute for, Engineer's standard invoicing, provide the specified additional information or documentation, following the invoicing procedures indicated: **Not Applicable**.
 7. Conduct ongoing management tasks, including:
 - a. Maintaining communications records and files pertaining to or arising from Engineer's services;
 - b. With respect to Engineer's services and other directly relevant parts of the Project, prepare for and participate in periodic progress meetings with Owner to discuss progress, schedule, budget, issues, potential problems and their resolution; and
 - c. Preparing agendas prior to and minutes following all Engineer-led meetings.
- B. In all phases of Engineer's services, Engineer shall prepare draft and final Drawings in accordance with **Engineer's CAD standards**, using **AutoCAD Civil3D version 2023** software.

1.02 The source documents for the draft and final Specifications in all phases of Engineer's services will be **Engineer's standard specifications**, unless otherwise mutually agreed upon by the parties.

1.03 Study and Report Phase

A. [NOT USED]

1.04 Preliminary Design Phase

A. Upon written authorization from Owner, Engineer shall:

1. Review and assess all available Project information and data, including any pertinent reports or studies (whether prepared by Engineer or others) and any related instructions from Owner.
2. Based on the threshold review and assessment of available information and data, advise Owner of any need for Owner to obtain, furnish, or otherwise make available to Engineer any additional information and data, for Engineer's use in the preparation of a Preliminary Design Phase Report.
3. Prepare a Preliminary Design Phase Report in the following format: **30% design drawings and preliminary opinion of probable cost consistent with design drawings**.
4. The Preliminary Design Phase Report will consist of final design criteria, preliminary drawings, a preliminary list of expected specifications, and written descriptions of the Project. The Preliminary Design Phase Report will consider the following matters to the extent applicable to the Project and as necessary to establish the basis of design for proceeding to final design and construction:
 - a. The Project concept, intent, performance criteria, desired outcomes, Owner's standards and Owner directed improvements and facility elements as established in the Study and Report Phase and as expressly set forth in the Baseline Information section of this Exhibit A (collectively the "Project Goals").
 - b. Recommended appropriate design criteria for each primary portion and significant discipline of the design necessary to address the Project Goals.
 - c. Site conditions and characterization as known at the time of, or to be determined during, the Preliminary Design Phase, including topography; subsurface information; Constituents of Concern; cultural, historical, and archaeological resources at the Site; wetlands information; and evaluations of flora and fauna that may be affected by the Project.
 - d. The time schedule for completion of the Project in accordance with Project Goals, including any recommended changes to the time required to complete the Final Design Phase (as set forth in Exhibit D, Deliverables Schedule) and estimated schedule(s) for construction.
 - e. Identification of major items of materials and equipment, rationale for selection with consideration of quality, suitability, pricing, sourcing, regulatory, and bidding issues affecting recommended selection.
 - f. Revised opinions of probable Construction Cost.

- g. The impact of Project Strategies, Technologies, and Techniques, sustainable features, and enhanced resiliency selected by Owner for inclusion in the Project on the Project Goals, schedule and probable Construction Cost, including impact of multiple prime construction contracts, separate procurement of materials or equipment, and other alternate project delivery methods when the Project Goals necessitate, and Owner authorizes.
 - h. Construction Phase quality assurance and quality control needs affecting development of Drawings and Specifications and other Final Design and Bidding Phase documents.
 - i. The effect of permits and authorizations by other entities and utility coordination needs on the Project.
 - j. Other matters and information pertinent to addressing the Project Goals.
- 5. In preparing the Preliminary Design Phase Report, use any specific applicable Project Strategies, Technologies, and Techniques authorized by Owner during or following the Study and Report Phase, and include sustainable features and enhanced resiliency, as appropriate, pursuant to Owner's instructions.
- 6. Visit the Site as needed to prepare the Preliminary Design Phase Report.
- 7. If at any point in the Preliminary Design Phase it becomes apparent to Engineer that additional reports, data, information, or services of the types described in Article 2 are necessary, then so advise Owner, and assist Owner in obtaining such reports, data, information, or services.
- 8. Above-Ground Utilities
 - a. Review above-ground utilities information obtained from Owner and from observations at the Site.
 - b. Make recommendations regarding any further identification, investigation, and mapping of above-ground utilities at or adjacent to the Site, for Engineer's design purposes or otherwise.
 - c. Account for above-ground utilities, based on available information, when advancing design during the Preliminary Design Phase.
- 9. Underground Facilities
 - a. Review Underground Facilities data furnished by Owner. Assist Owner in reducing and managing risks associated with Underground Facilities by working together with Owner to jointly establish a procedure ("Underground Facilities Procedure") for the further identification, investigation, and mapping of Underground Facilities at or adjacent to the Site, using ASCE 38, "Standard Guideline for the Collection and Depiction of Existing Subsurface Utility Data," as a basis for establishing such Underground Facilities Procedure.
 - b. Such Underground Facilities Procedure must take into account the Site and the nature of the Project.
 - c. Use the Underground Facilities Procedure to aid in the performance of design services:

- 1) Account for Underground Facilities, based on available information, when advancing the design during the Preliminary Design Phase.
- 2) The Underground Facilities Procedure will include a plan to keep Underground Facilities information current as Engineer proceeds with the provision of design services, and to add new or relocated Underground Facilities information to the base utility or Site drawings.
- 3) To manage the potential impact of design changes on Underground Facilities, Engineer shall work together with Owner to modify or reapply the Underground Facilities Procedure as the design progresses and changes.

10. Mitigation of Utilities Conflicts

- a. Identify potential conflicts between the Project (including existing and new facilities and structures) and above-ground utilities and Underground Facilities as reviewed in Exhibit A Paragraphs 1.03.B.8 and 9 above, and advise Owner regarding the need for resolution of such conflicts with utility and Underground Facilities owners and permit agencies. Identify the potential need for the relocation of existing above-ground utilities and Underground Facilities.
- b. Update the Underground Facilities Procedure as necessary for any Underground Utilities conflicts and relocations.
- c. Working together with Owner, jointly identify which specific parties or other entities will be responsible for implementation of the various specific parts of the Underground Facilities Procedure (including those parts that address resolution of Underground Facilities conflicts), and for resolution of above-ground utilities conflicts. Such identification will take into account Owner's authority and standing, as owner of the Site, with respect to Underground Facilities and above-ground utilities.
 - 1) To the extent that Owner and Engineer agree that in addition to performing the design-related obligations set forth in Exhibit A Paragraphs 1.03.B.8 and 9, Engineer will also implement any non-design part of the Underground Facilities Procedure (including resolution of Underground Facilities conflicts), or undertake resolution of above-ground utilities conflicts, such additional duties will be Additional Services under Article 2 of this Exhibit A.

11. Surveys, Topographic Mapping, and Utility Documentation

- a. Coordinate with Owner's utility engineer, utility consultant, or land surveyor for the necessary field surveys, topographic mapping, and utility documentation required for Engineer's design purposes, or by the Underground Facilities Procedure.
- b. If no scope of work and procedure for utility documentation has been established, selected, or authorized, then at a minimum Engineer will contact utility owners and obtain available information. Except as otherwise provided in this Agreement, Owner acknowledges that the information gathered from utility owners may be incorrect, incomplete, outdated, or otherwise flawed, and

as to Engineer, bidders, and Contractor, the Owner accepts all associated risks. Owner reserves all associated rights as to recourse against the sources of such flawed information and against third parties.

12. Prepare initial draft of a comprehensive permit document that identifies Owner's permit duties, Engineer's permit duties, and Contractor's permit duties, and the schedule for permitting activities.
13. Continue to assist Owner with Project Strategies, Technologies, and Techniques that Owner has chosen to implement in Exhibit A Paragraph 1.03.A.
14. Obtain Owner's instructions regarding Owner's procurement of construction services (including instructions regarding advertisements for bids, instructions to bidders, and requests for proposals, as applicable), Owner's construction contract practices and requirements, insurance and bonding requirements, electronic transmittals during construction, and other information necessary for the finalization of Owner's Bidding/Proposal Documents and Front-End Construction Contract Documents.
 - a. Also obtain copies of Owner's standard Bidding/Proposal Documents and Front-End Construction Contract Documents (if other than the EJCDC 2020 Construction Series documents), and any other related documents or content for Engineer to include in drafts of the Project-specific Bidding/Proposal Documents and Front-End Construction Contract Documents, when applicable.
 - b. Review Owner's instructions regarding procurement, bidding and contracting of construction services with respect to effects on the Project design, schedule and construction and address as needed in the Preliminary Design Phase deliverables.
15. Prepare the Preliminary Design Phase Report. This Report will consist of, as appropriate, separate or combined submittals in whole or summary, the Preliminary Design Phase documents listed in Exhibit A Paragraph 1.03.B.4, and Engineer's findings and recommendations for advancing the Project to the Final Design Phase (including Engineer's findings and recommendations, if any, regarding permitting, utilities, and Underground Facilities). The submittal will be in the format of a report, or otherwise organized and assembled for ease and practicality of use.
 - a. Based on the information contained in the Preliminary Design Phase documents, prepare a revised opinion of probable Construction Cost, and on the basis of information furnished by Owner, assist Owner in tabulating the various cost categories which comprise Total Project Costs.
 - b. Engineer will meet with Owner to discuss the draft Preliminary Design Phase submittal and receive Owner's comments.
16. Perform or provide the following other Preliminary Design Phase tasks or deliverables:
 - a. **Survey and utility coordination for design purposes only;**
 - b. **Geotechnical investigation coordination for design purposes only;**
 - c. **Preliminary design drawings (30%) for the:**

- 1) **Bulkhead**
 - 2) **Hardscape and landscape**
 - 3) **Marina**
 - 4) **Living shoreline**
 - 5) **Sitework and grading**
 - 6) **Pavilion/event structure**
 - d. **Initiate permitting discussions with appropriate state and federal agencies; and**
 - e. **Opinion of Probable Cost for preliminary design items.**
 17. Furnish the Preliminary Design Phase Report, opinion of probable Construction Cost, and any other Preliminary Design Phase deliverables to Owner pursuant to the requirements of the Deliverables Schedule in Exhibit D and review the deliverables with Owner.
 18. Revise the Report and any other deliverables in response to Owner's comments, as appropriate, and submit revised deliverables pursuant to the Deliverables Schedule.
 - B. Engineer's services under the Preliminary Design Phase will be considered complete on the date when Engineer has delivered to Owner the final Preliminary Design Phase Report (as revised) and associated documents, revised opinion of probable Construction Cost, and any other Preliminary Design Phase deliverables.
- 1.05 Final Design, Permitting, and Bid Phase
- A. After acceptance by Owner of the Preliminary Design Phase Report and any other Preliminary Design Phase deliverables; issuance by Owner of any instructions for specific modifications or changes in the scope, extent, character, or design requirements of the Project desired by Owner; and any necessary changes, refinements, and supplementation of the Baseline Information set forth at the beginning of this Exhibit A, Engineer and Owner shall discuss, resolve, and document any necessary revisions to Engineer's scope of services, compensation (through application of the provisions regarding Additional Services, or otherwise), and the time for completion of Engineer's services, resulting from specific modifications to the Project, or changes, refinements, or supplementation of the Baseline Information.
 1. The number of prime contracts for Work designed or specified by Engineer upon which the Engineer's compensation has been established under this Agreement is **one**. If more prime contracts are awarded, Engineer shall be entitled to an equitable increase in its compensation under this Agreement.
 2. If more than one prime construction contract is to be awarded for the Work designed or specified by Engineer, then Owner shall define and set forth (in an exhibit to this Agreement, or in a subsequent document) the duties, responsibilities, and limitations of authority of a person or entity that will have authority and responsibility for coordinating the activities among the various prime Contractors, and any resulting changes in the duties, responsibilities, and authority of Engineer.

3. In the event that the Work designed or specified by Engineer is to be performed or furnished under more than one prime construction contract, or if Engineer's services are to be separately sequenced with the work of one or more separate design professional consultants or prime Contractors (such as in the case of fast-tracking), Owner and Engineer shall, prior to commencement of the Final Design Phase, develop a schedule for performance of Engineer's services during the Final Design, Bidding/Proposal, Construction, and Post-Construction Phases in order to sequence and coordinate properly such services as are applicable under such separate prime construction contracts. This schedule is to be prepared and included in or become an amendment to Exhibit A whether or not the work under such construction contracts is to proceed concurrently.
- B. Upon written authorization from Owner, Engineer shall prepare final Drawings and Specifications indicating the scope, extent, and character of the Work to be performed and furnished by Contractor, in accordance with the Preliminary Design Phase Report (as revised) and other Preliminary Design Phase deliverables. Drawings and Specifications will only be for the following items:
 1. **Bulkhead**
 2. **Hardscape and landscape**
 3. **Sitework and grading**
 4. **Pavilion/event structure design**
- C. As part of the preparation of the Drawings and Specifications, Engineer shall prepare interim drafts and final Drawings and Specifications as follows, pursuant to the Deliverables Schedule agreed upon by the Owner and Engineer:
 1. First Final Design Phase draft of all Drawings and Specifications.
 2. Second Final Design Phase draft of all Drawings and Specifications, addressing Owner comments and including appropriate design advancement.
 3. Final Drawings and Specifications that address Owner comments; complete the design; are suitable for estimating and pricing by prospective Contractors; and are complete and ready for construction.
- D. In preparing the Specifications (and any bidding, contract, or other documents that are part of Engineer's scope of services), Engineer shall obtain from Owner or Owner's legal counsel any relevant constraints such as requirements for use of domestic steel and iron, other domestic purchasing requirements, statutory restrictions on utilizing proprietary specifying methods, and the like, and comply with or account for such constraints in drafting Specifications, Bidding/Proposal Documents, and other Project documents.
- E. Engineer shall prepare or assemble draft Bidding/Proposal Documents and Front-End Construction Contract Documents as follows:
 1. Such documents will be based on the 2020 EJCDC Construction Documents, and on the specific bidding or Contractor selection-related instructions and forms, contract forms, text, or other content received from Owner.
 2. When Engineer is required to use other than the 2020 EJCDC Construction Documents, then as required in the Preliminary Design Phase Owner will furnish to

Engineer a copy of the required documents to be used for the Project's Bidding/Proposal Documents and Front-End Construction Contract Documents. Prior to the first Final Design Phase submittal, Engineer will review the bidding and contracting documents furnished by Owner and provide comments to Owner. Engineer will meet with Owner to discuss Engineer's comments. Owner will consider Engineer's recommendations to revise Owner's documents for the Project.

3. Engineer will furnish to Owner, for review by Owner's legal counsel, the draft Bidding/Proposal Documents and Front-End Construction Contract Documents. Owner and Owner's legal counsel must transmit to Engineer, in a timely manner, one coordinated set of comments and revisions to the draft documents.
- F. During the Final Design Phase the Engineer shall continue to account for above-ground utilities and Underground Facilities as the design advances and is finalized. This may include:
1. performing the services assigned to Engineer under the Underground Facilities Procedure described in the original agreement.
 2. addressing required and proposed activities or mitigations identified in the analysis of utilities and by the Underground Facilities Procedure as having an impact on the final design, and considering such in preparing the Drawings and Specifications.
- G. Engineer shall perform or furnish the following other Final Design Phase services:
1. Visit the Site as needed to assist in preparing the final Drawings and Specifications.
 2. Assist with or prepare applications for permits and approvals, as follows:
 - a. Update comprehensive permit document created in Preliminary Design Phase for Final Design detail.
 - b. Prepare the following applications for Owner's submittal to authorities having jurisdiction over the construction or operation of the Project:
 - 1) **Joint Application and Notification Form**
 - 2) **Stormwater Pollution Prevention Plan**
 - 3) **City of Ocean Springs permits**
 - 4) **Construction stormwater permit**
 - 5) **Other permits as necessary**
 - c. Confer with Owner regarding revisions, if any, to the application(s), and make appropriate revisions to the application(s) for Owner's resubmittal to the authority having jurisdiction.
 - d. Provide technical criteria, written descriptions, and design data for Owner's use in filing applications for permits from or approvals of the authorities having jurisdiction listed above, including applications for review or approval of the final design.
 - e. Identify and indicate in the Construction Contract Documents the permits and approvals for which Contractor will be responsible, including work permits, building permits, and other permits and approvals that will be Contractor's

responsibility; and, in addition, indicate those permits initially obtained by Owner for which Contractor will be a co-permittee, together with associated requirements.

- f. Unless expressly indicated otherwise, Engineer's scope and budget includes attending one meeting or conference call with each permit and approval-issuing agency to discuss the Project and receive the agency's comments on the application.
 - g. Engineer does not guarantee issuance of any required permit or approval.
 - h. Fees charged by authorities having jurisdiction for such permits or approvals are the responsibility of Owner.
 - 3. Advise Owner of any recommended adjustments to the opinion of probable Construction Cost. Furnish to Owner an updated opinion of probable Construction Cost with the interim and final deliverables of the Drawings and Specifications.
 - 4. After consultation with Owner, include in the Front-End Construction Contract Documents any Electronic Document Protocol addressing specific protocols for the transmittal of Project-related correspondence, documents, text, data, drawings, information, and graphics, in electronic media or digital format, either directly, or through access to a secure Project website.
 - 5. Assist Owner in assembling known reports and drawings of Site conditions, and in identifying the technical data contained in such reports and drawings upon which bidders or other prospective contractors may rely.
 - 6. Review the preliminary schedule for the Construction Phase and advise Owner when initial understanding of the Construction Contract Times must or should be revised, and furnish Owner with recommendations on revisions to the proposed Construction Contract Times.
 - 7. Engineer's project manager and other appropriate staff will participate in the following meetings and conference calls:
 - a. First draft design review meeting at Owner's office.
 - b. Second draft design review meeting at Owner's office.
 - c. Engineer will prepare and distribute minutes of each such meeting and conference call, indicating attendees, topics discussed, decisions made, and action items for follow-up.
 - 8. Perform or provide the following other Final Design Phase activities or deliverables:
 - a. **Revised Opinion of Probable Cost**
- H. Engineer shall complete the Final Design Phase as follows:
- 1. Pursuant to the requirements of the Deliverables Schedule, furnish for review by Owner, its legal counsel, and other advisors, the final Drawings and Specifications assembled drafts of other Construction Contract Documents including the draft Front-End Construction Contract Documents; the draft Bidding/Proposal Documents; the most recent opinion of probable Construction Cost; and any other Final Design Phase deliverables, and review the deliverables with Owner.

2. Revise the final Design Phase deliverables in response to Owner's comments, as appropriate, and submit revised deliverables pursuant to the Deliverables Schedule.
 3. Engineer's services under the Final Design Phase will be considered complete on the date when Engineer has delivered to Owner the final Drawings and Specifications; assembled drafts of the Front-End Construction Contract Documents; the draft Bidding/Proposal Documents; and any other Final Design Phase deliverables, as revised.
- I. Bidding or Negotiation Services
1. Bidding or Negotiation Services will only be for the following items: existing site demolition, bulkhead construction, site clearing, and rough grading. After acceptance by Owner of the final Drawings and Specifications; assembled drafts of other Construction Contract Documents, including the draft Front-End Construction Contract Documents; the draft Bidding/Proposal Documents; the most recent opinion of probable Construction Cost as determined in the Final Design Phase, and any other Final Design Phase deliverables, and upon written authorization by Owner to proceed, Engineer shall:
 2. Assist Owner in advertising for and obtaining bids or proposals for the Work; assist Owner in issuing assembled Bidding/Proposal Documents and proposed Construction Contract Documents to prospective contractors; if applicable, maintain a record of prospective contractors to which documents have been issued; attend pre-bid conferences, if any; and receive and process contractor deposits or charges, if any, for the issued documents.
 - a. **Online Plan Room**
 3. Prepare and issue addenda as appropriate to clarify, correct, or change the issued documents.
 4. If the issued documents require, the Engineer shall evaluate and determine the acceptability of "or equals" and substitute materials and equipment proposed by prospective contractors, provided that such proposals are allowed by the bidding-related documents (or requests for proposals or other construction procurement documents) prior to award of contracts for the Work.
 5. Attend the bid opening; prepare bid tabulation sheets; and assist Owner in evaluating bids or proposals, assembling final Construction Contracts for the Work for execution by Owner and Contractor, and in preparing notices of award to be issued by Owner for such contracts.
 6. Provide information or assistance needed by Owner in the course of any review of bids, proposals, or negotiations with prospective contractors.
 7. Consult with Owner as to the qualifications of prospective contractors.
 8. Consult with Owner as to the qualifications of subcontractors, suppliers, and other individuals and entities proposed by prospective contractors, for those portions of the Work as to which review of qualifications is required by the issued documents.
 9. If Owner engages in negotiations with bidders or proposers, assist Owner with respect to technical and engineering issues that arise during the negotiations.

10. Perform or provide the following other Bidding/Proposal Phase tasks or deliverables:

a. **None**

J. Bidding or negotiation services will be considered complete upon award of Construction Contracts for the Work and commencement of the Construction Phase, or upon cessation of negotiations with prospective contractors.

1.06 Construction Phase Services

A. Construction Phase Services will only be for the following items:

1. **Bulkhead**

2. **Sitework and rough grading**

B. After completion of the Final Design Phase and concurrent with the Bidding/Proposal Phase, and after issuance by Owner of any instructions for specific modifications or changes in the scope, extent, character, design, schedule, number of prime construction contracts, and other construction requirements of the Project during the Construction Phase desired by Owner, the Engineer and Owner shall discuss, resolve, and document any necessary revisions to Engineer's scope of services or compensation (through application of the provisions regarding Additional Services, or otherwise), or the time for completion of Engineer's services, resulting from specific modifications to the Project.

1. Engineer shall be responsible only for those Construction Phase services expressly required of Engineer in Exhibit B, as duly modified. With the exception of such expressly required services, Engineer shall have no design, Submittal (including Shop Drawing) review, or other obligations during construction, and Owner assumes all responsibility for providing or arranging for all other necessary Construction Phase administrative, engineering, and professional services.

2. Owner waives all claims against Engineer and its officers, directors, members, partners, agents, employees, and Subconsultants, and Engineer's Subcontractors, that may be connected in any way to Construction Phase administrative, engineering, or professional services except for those services that are expressly required of Engineer in Exhibit B. Notwithstanding the foregoing waiver, Engineer shall be responsible for any professional opinions and interpretations provided by Engineer to Owner during the Construction Phase or Post-Construction Phase, including interpretations or clarifications of the Construction Contract Documents.

C. Upon successful completion of the Bidding/Proposal Phase, and upon written authorization from Owner, Engineer shall provide the following services:

1. General Administration of Construction Contract: Consult with Owner and act as Owner's representative as provided in this Agreement and the Construction Contract. Unless otherwise set forth in the scope of Basic Services (as duly modified), the extent and limitations of the duties, responsibilities, and authority of Engineer shall be as assigned in EJCDC® C 700, Standard General Conditions of the Construction Contract (2020) or other construction general conditions specified in this Agreement. Except as otherwise provided in the Construction Contract, Owner's communications to Contractor will be issued through Engineer.

- a. If the responsibilities of Engineer as set forth in the Construction Contract are greater than those Construction Phase services expressly required of Engineer in Exhibit B, as duly modified, then Owner shall either (1) expand the scope of the Construction Phase services to match those of the Construction Contract, and compensate Engineer for any related increases in the cost to provide Construction Phase services, pursuant to the provisions for compensating Additional Services, or (2) identify a qualified individual or entity (other than Engineer) responsible for the additional responsibilities in the Construction Contract.
 - b. If Owner, or Owner and Contractor, modify the duties, responsibilities, and authority of Engineer in the Construction Contract, or modify other terms of the Construction Contract having a direct bearing on Engineer, or if Owner requires Engineer's services for construction that extends longer than the anticipated Construction Contract Times, then Owner shall compensate Engineer for any related increases in the cost to provide Construction Phase services, pursuant to the provisions for compensating Additional Services.
 - c. Engineer shall not be required to furnish or perform services contrary to Engineer's responsibilities as a licensed professional.
2. Resident Project Representative (RPR): Engineer shall provide the services of a part-time RPR at the Site to assist Engineer and to provide more extensive observation of Contractor's Work. Duties, responsibilities, and authority of the RPR are as set forth in Exhibit B. The furnishing of such RPR's services will not limit, extend, or modify Engineer's responsibilities or authority except as expressly set forth in Exhibit B.
3. Selection of Independent Testing Laboratory: Assist Owner in the selection of an independent testing laboratory to perform required testing services, if required.
4. Pre-Construction Conference: Participate in a pre-construction conference prior to commencement of Work at the Site; prepare and distribute agenda for the conference and prepare and distribute minutes of such conference.
5. Electronic Transmittal Protocols: If the Construction Contract does not establish protocols for transmittal of Electronic Documents by Electronic Means, then Owner, Engineer, and Contractor shall jointly develop such protocols.
6. Original Documents: If requested by Owner to do so, maintain and safeguard during the Construction Phase at least one original printed record version of the Construction Contract Documents, including Drawings and Specifications signed and sealed by Engineer and other design professionals in accordance with applicable Laws and Regulations. Throughout the Construction Phase, make such original printed record version of the Construction Contract Documents available to Contractor and Owner for review.
7. Schedules: Receive, review, and, and, subject to the criteria of the Construction Contract, determine the acceptability of any and all schedules that Contractor is required to submit to Engineer, including the progress schedule, schedule of submittals, and schedule of values. Advise Contractor in writing of Engineer's comments or acceptance of schedules.

8. Schedules will be acceptable to Engineer as to form and substance:
9. Progress Schedule: if it provides an orderly progression of the Work to completion within the Contract Times. Such acceptance will not impose on Engineer responsibility for the Progress Schedule, for sequencing, scheduling, or progress of the Work, nor interfere with or relieve Contractor from Contractor's full responsibility therefor.
10. Contractor's Schedule of Submittals: if it provides a workable arrangement for reviewing and processing the required Submittals.
11. Contractor's Schedule of Values: if it provides a reasonable allocation of the Contract Price to the component parts of the Work.
12. Baselines and Benchmarks: As appropriate, establish baselines and benchmarks for locating the Work which in Engineer's judgment are necessary to enable Contractor to proceed.
13. Permits: Provide Owner with copies of technical information and supporting data previously obtained or developed by Engineer for Owner's use, or for Owner to provide to Contractor, in obtaining required permits and licenses delegated to Contractor by Owner.
14. Visits to Site and Observation of Construction: In connection with observations of Contractor's Work while it is in progress:
 - a. Make visits to the Site at intervals appropriate to the various stages of the Work, as Engineer deems necessary, to observe as an experienced and qualified design professional, the progress of Contractor's executed Work. Such visits and observations by Engineer, including its RPR, if any, are not intended to be exhaustive or to extend to every aspect of the Work or to involve detailed inspections of the Work beyond the responsibilities specifically assigned to Engineer in this Agreement and the Construction Contract Documents, but rather are to be limited to spot checking, selective sampling, and similar methods of general observation of the Work based on Engineer's exercise of professional judgment, as assisted by its RPR, if any. Based on information obtained during such visits and observations, Engineer will determine in general if the Work is proceeding in accordance with the Construction Contract Documents, and Engineer shall keep OWNER informed of the progress of the Work. Engineer will make a report of Engineer's visit, summarizing Engineer's general observations and any significant findings.
 - b. The purpose of Engineer's visits to the Site, and representation by the Resident Project Representative, if any, at the Site, will be to enable Engineer to better carry out the duties and responsibilities assigned to by this Agreement and undertaken by Engineer during the Construction Phase, and, in addition, by the exercise of Engineer's efforts as an experienced and qualified design professional, to provide for Owner a greater degree of confidence that the completed Work will conform in general to the Construction Contract Documents and that Contractor has implemented and maintained the integrity of the design concept of the completed Project as a functioning whole as indicated in the Construction Contract Documents. Engineer will not, during

such visits or as a result of such observations of the Work, supervise, direct, or have control over the Work, nor will Engineer have authority over or responsibility for the means, methods, techniques, sequences, or procedures of construction selected or used by any Constructor, for security or safety at the Site, for safety precautions and programs incident to any Constructor's work in progress, for the coordination of the Constructors' work or schedules, nor for any failure of any Constructor to comply with Laws and Regulations applicable to furnishing and performing of its work. Accordingly, Engineer neither guarantees the performance of any Constructor nor assumes responsibility for any Constructor's failure to furnish or perform the Work, or any portion of the Work, in accordance with the Construction Contract Documents.

15. Defective Work: If, on the basis of Engineer's observations or as indicated in documentation available to Engineer, Engineer believes that any part of the Work is defective under the terms and standards set forth in the Construction Contract Documents, Engineer will promptly issue written notice to Contractor (with copy to Owner) of such defective Work. Such notice will communicate the scope, extent (to Engineer's understanding) of defect, and associated provisions of the Construction Contract Documents.
 - a. Provide recommendations to Owner regarding whether Contractor should correct such Work or remove and replace such Work, or whether Owner should consider accepting the defective Work in accordance with the provisions of the Construction Contract Documents. Engineer shall give notice to Contractor regarding whether the defective Work should be repaired, replaced, or will be accepted by Owner.
 - b. However, Engineer's authority to provide this information to Owner or Engineer's decision to exercise or not exercise such authority will not give rise to a duty or responsibility of the Engineer to Contractors, Subcontractors, material and equipment suppliers, their agents or employees, or any other person(s) or entities performing any of the Work, including but not limited to any duty or responsibility for Contractors' or Subcontractors' safety precautions and programs incident to the Work.
16. Compatibility with Design Concept: If Engineer has express knowledge that a specific part of the Work that is not defective under the terms and standards set forth in the Construction Contract Documents is nonetheless not compatible with the design concept of the completed Project as a functioning whole, then inform Owner of such incompatibility, and provide recommendations for addressing such Work.
17. Clarifications and Interpretations: Accept from Contractor and Owner submittal of all matters in question concerning the requirements of the Construction Contract Documents (sometimes referred to as requests for information or interpretation-RFIs), or relating to the acceptability of the Work under the Construction Contract Documents. With reasonable promptness, render a written clarification, interpretation, or decision on the issue submitted, or initiate an amendment or supplement to the Construction Contract Documents.
18. Non-reviewable Matters: If a submitted matter in question concerns the Engineer's performance of its duties and obligations, or terms and conditions of the

Construction Contract Documents that do not involve (a) the performance or acceptability of the Work under the Construction Contract Documents, (b) the design (as set forth in the Drawings, Specifications, or otherwise), or (c) other engineering or technical matters, then Engineer will promptly give written notice to Owner and Contractor that Engineer will not provide a decision or interpretation.

19. Field Orders: Subject to any limitations in the Construction Contract Documents, Engineer may prepare and issue Field Orders requiring minor changes in the Work.
20. Change Orders and Work Change Directives: Recommend Change Orders and Work Change Directives to Owner, as appropriate, and prepare Change Orders and Work Change Directives as required.
21. Change Proposals and Claims
 - a. Review and respond to Change Proposals. Review each duly submitted Change Proposal from Contractor and, within 30 days after receipt of the Contractor's supporting data, either deny the Change Proposal in whole, approve it in whole, or deny it in part and approve it in part. Such actions must be in writing, with a copy provided to Owner and Contractor. If the Change Proposal does not involve the design (as set forth in the Drawings, Specifications, or otherwise), the acceptability of the Work, or other engineering or technical matters, then Engineer will notify the parties that the Engineer will not resolve the Change Proposal.
 - b. Provide information or data to Owner regarding engineering or technical matters pertaining to Claims.
22. Differing Site Conditions: Respond to any notice from Contractor of differing site conditions, including conditions relating to Underground Facilities such as utilities, and hazardous environmental conditions. Promptly conduct reviews and prepare findings, conclusions, and recommendations for Owner's use subject to limitations of Engineer's obligations under this Agreement.
23. Contractor's Submittals: Review and approve or take other appropriate action with respect to required Contractor Submittals, but only to determine if the items covered by the Submittals will, after installation or incorporation in the Work, comply with the requirements of the Construction Contract Documents, and for compatibility with the design concept of the completed Project as a functioning whole as indicated by the Construction Contract Documents. Such reviews and approvals or other action will not extend to means, methods, techniques, sequences, or procedures of construction or to safety precautions and programs incident thereto. Engineer shall meet any Contractor's Submittal schedule that Engineer has accepted.
24. Substitutes and "Or-equals": Evaluate and determine the acceptability of substitute or "or-equal" materials and equipment proposed by Contractor, but subject to the provisions of Exhibit B.
25. Inspections and Tests
 - a. Receive and review all certificates of inspections, tests, and approvals required by Laws and Regulations or the Construction Contract Documents. Engineer's review of such certificates will be for the purpose of determining whether the

results certified indicate compliance with the Construction Contract Documents and will not constitute an independent evaluation that the content or procedures of such inspections, tests, or approvals comply with the requirements of the Construction Contract Documents. Engineer shall be entitled to rely on the results of such inspections and tests.

- b. Reply to Contractor requests for written concurrence that specific portions of the Work that are to be inspected, tested, or approved may be covered.
 - c. Issue written requests to Contractor that specific portions of the Work remain uncovered.
 - d. As deemed reasonably necessary, request that Contractor uncover Work that is to be inspected, tested, or approved.
 - e. Pursuant to the terms of the Construction Contract, require additional inspections or testing of the Work, whether or not the Work is fabricated, installed, or completed.
26. Contractor's Applications for Payment: Based on Engineer's observations as an experienced and qualified design professional and on review of Applications for Payment and accompanying supporting documentation:
- a. Determine the amounts that Engineer recommends Contractor be paid. Recommend reductions in payment (set offs) based on the provisions for set offs stated in the Construction Contract. Such recommendations of payment will be in writing and will constitute Engineer's representation to Owner, based on such observations and review, that, within the limits of Engineer's knowledge, information and belief, Contractor's Work has progressed to the point indicated, the Work is generally in accordance with the Construction Contract Documents (subject to an evaluation of the Work as a functioning whole prior to or upon Substantial Completion, to the results of any subsequent tests called for in the Construction Contract Documents, and to any other qualifications stated in the recommendation), and the conditions precedent to Contractor's being entitled to such payment appear to have been fulfilled in so far as it is Engineer's responsibility to observe the Work. In the case of unit price Work, Engineer's recommendations of payment will include final determinations of quantities and classifications of the Work (subject to any subsequent adjustments allowed by the Construction Contract Documents).
 - b. By recommending payment, Engineer shall not thereby be deemed to have represented that observations made by Engineer to check the quality or quantity of Contractor's Work as it is performed and furnished have been exhaustive, extended to every aspect of Contractor's Work in progress, or involved detailed inspections of the Work beyond the responsibilities specifically assigned to Engineer in this Agreement. Neither Engineer's review of Contractor's Work for the purposes of recommending payments nor Engineer's recommendation of any payment including final payment will impose on Engineer responsibility to supervise, direct, or control the Work, or for the means, methods, techniques, sequences, or procedures of construction or safety precautions or programs incident thereto, or Contractor's compliance with Laws and Regulations applicable to Contractor's furnishing and performing the Work. It will also not

impose responsibility on Engineer to make any examination to ascertain how or for what purposes Contractor has used the money paid to Contractor by Owner; to determine that title to any portion of the Work, including materials or equipment, has passed to Owner free and clear of any liens, claims, security interests, or encumbrances; or that there may not be other matters at issue between Owner and Contractor that might affect the amount that should be paid.

27. Contractor's Completion Documents: Receive from Contractor, review, and transmit to Owner maintenance and operating instructions, schedules, guarantees, bonds, certificates or other evidence of insurance required by the Construction Contract Documents, certificates of inspection, tests and approvals, and Shop Drawings, Samples, and other data approved as provided under this contract. Receive from Contractor, review, and transmit to Owner the annotated record documents which are to be assembled by Contractor in accordance with the Construction Contract Documents to obtain final payment. The extent of Engineer's review of record documents will be to check that Contractor has submitted a complete set of those documents that Contractor is required to submit.
28. Substantial Completion: Promptly after notice from Contractor that Contractor considers the entire Work ready for its intended use, visit the Site in company with Owner and Contractor to review the Work and determine the status of completion. Follow the procedures in the Construction Contract regarding the preliminary certificate of Substantial Completion, punch list of items to be completed, Owner's objections, notice to Contractor, and issuance of a final certificate of Substantial Completion. Assist Owner regarding any remaining engineering or technical matters affecting Owner's use or occupancy of the Work following Substantial Completion.
29. Completion and Acceptability of the Work: After notice from Contractor that the Work is complete:
 - a. visit the Site with Owner and Contractor to determine if the Work is in fact complete and acceptable;
 - b. notify Contractor of any part of the Work that is found during the visit to be incomplete or defective, and subsequently confirm that Contractor has corrected any such deficiencies;
 - c. follow the procedures in the Construction Contract regarding review and response to Contractor's application for final payment and accompanying documentation; and
 - d. if Engineer is satisfied that the Work is complete and acceptable, provide a notice to Owner and Contractor using, Notice of Acceptability of Work (attached as Exhibit C), stating that the Work is acceptable (subject to the provisions of the Notice) within the limits of Engineer's knowledge, information, and belief, and based on the extent of the services provided by Engineer under this Agreement.
30. Standards for Certain Construction-Phase Decisions: Engineer will render decisions regarding the requirements of the Construction Contract Documents, and judge the acceptability of the Work, pursuant to the specific procedures set forth in the Construction Contract for initial interpretations, Change Proposals, and acceptance

of the Work. In rendering such decisions and judgments, Engineer will not show partiality to Owner or Contractor, and will not be liable to Owner, Contractor, or others in connection with any proceedings, interpretations, decisions, or judgments conducted or rendered in good faith.

- D. Duration of Construction Phase: The Construction Phase will commence with the execution of the first Construction Contract for the Project or any part thereof and will terminate upon written recommendation by Engineer for final payment to Contractor. If the Project involves more than one prime contract, then Construction Phase services may be rendered at different times in respect to the separate contracts. Subject to the provisions of Article 3, Engineer shall be entitled to an equitable increase in compensation if Construction Phase services (including Resident Project Representative services, if any) are required after the original date for completion and readiness for final payment of Contractor as set forth in the Construction Contract.

C. Resident Project Representative

1. ENGINEER shall furnish a part-time Resident Project Representative (RPR), in observing performance of the work of Contractor. (See Exhibit B)

COST: The Basic Engineering Fee is proposed as a fixed fee.

CONTRACT TOTAL COST: \$873,385.00 Fixed Fee

EXHIBIT B
A LISTING OF THE DUTIES, RESPONSIBILITIES AND
LIMITATIONS OF AUTHORITY OF THE RESIDENT PROJECT REPRESENTATIVE

This is an Exhibit attached to, made a part of and incorporated by reference with the Agreement between the CITY OF OCEAN SPRINGS. (CITY) and CYPRESS ENVIRONMENT & INFRASTRUCTURE (MANAGER) providing for professional managing services.

MANAGER shall furnish a part-time Resident Project Representative (RPR), assistants, or other field staff to MANAGER in observing performance of the work of Contractor.

Through more extensive on-site observations of the work in progress and field checks of materials and equipment by the RPR and assistants, MANAGER shall endeavor to provide further protection for CITY against defects and deficiencies in the Work; but, the furnishing of such services will not make MANAGER responsible for or give MANAGER control over construction means, methods, techniques, sequences or procedures or for safety precautions or programs, or responsibility for CONTRACTOR's failure to perform the Work in accordance with the Contract Documents.

The duties and responsibilities of the RPR are limited to those of MANAGER in MANAGER's agreement with the CITY and in the construction Contract Documents, and are further limited and described as follows:

A. GENERAL

RPR is MANAGER's agent at the site, will act as directed by and under the supervision of MANAGER, and will confer with MANAGER regarding RPR's actions. RPR's dealings in matters pertaining to the on-site work shall in general be with MANAGER and CONTRACTOR keeping CITY advised as necessary. RPR's dealings with subcontractors shall only be through or with the full knowledge and approval of CONTRACTOR. RPR shall generally communicate with CITY with the knowledge and approval of CONTRACTOR. RPR shall generally communicate with CITY with the knowledge of and under the direction of the MANAGER.

B. DUTIES AND RESPONSIBILITIES OF RPR

1. Schedules: Review the progress schedules, schedule of Shop Drawing submittals and schedule of values prepared by CONTRACTOR and consult with MANAGER concerning acceptability.
2. Conferences and Meetings: Attend meetings with CONTRACTOR, such as preconstruction conferences, progress meetings, job conferences and other project related meetings, and prepare and circulate copies of minutes thereof.
3. Liaison:
 - a. Serve as MANAGER's liaison with CONTRACTOR, working principally through CONTRACTOR's superintendent and assist in understanding the intent of the Contract Documents; and assist MANAGER in serving as

CITY's liaison with CONTRACTOR when CONTRACTOR's operations affect CITY's on-site operations.

- b. Assist in obtaining from CITY additional details or information, when required for proper execution of the Work.

4. Shop Drawings and Samples:

- a. Record date of receipt of Shop Drawings and samples.
- b. Receive samples which are furnished at the site by CONTRACTOR, and notify MANAGER of availability of samples for examination.
- c. Advise MANAGER and CONTRACTOR of the commencement of any Work requiring a Shop Drawing or sample if the submittal has not been approved by MANAGER.

5. Review of Work, Rejection of Defective Work, Inspections and Tests:

- a. Conduct on-site observations of the Work in progress to assist MANAGER in determining if the Work is in general proceeding in accordance with the Contract Documents.
- b. Report to MANAGER whenever RPR believes that any Work is unsatisfactory, faulty or defective or does not conform to the Contract Documents, or has been damaged, or does not meet the requirements of any inspection, test or approval required to be made; and advise MANAGER of Work that RPR believes should be corrected or rejected or should be uncovered for observation, or requires special testing, inspection or approval.
- c. Verify that tests, equipment and systems startups and operating and maintenance training are conducted in the presence of appropriate personnel, and that CONTRACTOR maintains adequate records thereof; and observe, record and report to MANAGER appropriate details relative to the test procedures and startups.
- d. Accompany visiting inspectors representing public or other agencies having jurisdiction over the Project, record the results of these inspections and report to MANAGER.

6. Interpretation of Contract Documents: Report to MANAGER when clarifications and interpretations of the Contract Documents are needed and transmit to CONTRACTOR clarifications and interpretations as issued by MANAGER.

7. Modifications: Consider and evaluate CONTRACTOR's suggestions for modifications in Drawings or Specifications and report with RPR's recommendations to MANAGER.

Transmit to CONTRACTOR decisions as issued by MANAGER.

8. Records

- a. Maintain at the MANAGER's Ocean Springs office orderly files for correspondence, reports of job conferences, Shop Drawings and samples, reproductions of original Contract Documents including all Work Directive Changes, Addenda, Change Orders, Field Orders, additional Drawings issued subsequent to the execution of the Contract, MANAGER's clarifications and interpretations of the Contract Documents, progress reports, and other Project related documents.
- b. Keep a diary or logbook, recording, to the best of their ability as a part-time RPR, CONTRACTOR hours on the job site, weather conditions, data relative to questions of Work Directive Changes, Change Orders or changed conditions, list of job site visitors, daily activities, decisions, observations in general, and specific observations in more detail as in the case of observing test procedures; and send copies to MANAGER.
- c. Record names, addresses and telephone numbers of all CONTRACTORS, subcontractors and major suppliers of materials and equipment.

9. Reports

- a. Furnish MANAGER weekly reports as required of progress of the Work and of CONTRACTOR's compliance with the progress schedule and schedule of Shop Drawing and sample submittals.
- b. Consult with MANAGER in advance of scheduled major tests, inspections or start of important phases of the Work.
- c. Draft proposed Change Orders and Work Directive Changes, obtaining backup material from CONTRACTOR and recommend to MANAGER Change Orders, Work Directive Changes, and Field Orders.
- d. Report immediately to MANAGER and CITY upon the occurrence of any accident.

10. Payment Requests: Review applications for payment with CONTRACTOR for compliance with the established procedures for their submission and forward with recommendations to MANAGER, noting particularly the relationship of the payment requested to the schedule of values, work completed and materials and equipment delivered at the site, but not incorporated in the Work.

11. Certificates, Maintenance and Operation Manuals: During the course of the work, verify that certificates, maintenance and operation manuals and other data required to be assembled and furnished by CONTRACTOR are applicable to the items actually installed

and in accordance with the Contract Documents, and have this material delivered to MANAGER for review and forwarding to CITY prior to final payment for the Work.

12. Completion

- a. Before MANAGER issues a Certificate of Substantial Completion, submit to CONTRACTOR a list of observed items requiring completion or correction.
- b. Conduct final inspection in the company of MANAGER, CITY and CONTRACTOR and prepare a final list of items to be completed or corrected.
- c. Observe that all items on final list have been completed or corrected and make recommendations to MANAGER concerning acceptance.

C. LIMITATIONS OF AUTHORITY - Resident Project Representative:

1. Shall not authorize any deviation from the Contract Documents or substitution of materials or equipment, unless authorized by MANAGER.
2. Shall not exceed limitations of MANAGER's authority as set forth in the Contract Documents.
3. Shall not undertake any of the responsibilities of CONTRACTOR, subcontractors or CONTRACTOR's superintendent.
4. Shall not advise on, issue directions relative to or assume control over any aspect of the means, methods, techniques, sequences or procedures of construction unless such advise or directions are specifically required by the Contract Documents.
5. Shall not advise on, issue directions regarding or assume control over safety precautions and programs in connection with the Work.
6. Shall not accept Shop Drawings or sample submittals from anyone other than Contractor.
7. Shall not authorize CITY to occupy the Project in whole or in part.
8. Shall not participate in specialized field or laboratory tests or inspections conducted by others except as specifically authorized by MANAGER.

Effective Date of the Construction Contract:

The Engineer hereby gives notice to the Owner and Contractor that Engineer recommends final payment to Contractor, and that the Work furnished and performed by Contractor under the Construction Contract is acceptable, expressly subject to the provisions of the Construction Contract's Contract Documents ("Contract Documents") and of the Agreement between Owner and Engineer for Professional Services dated **[date of professional services agreement]** ("Owner Engineer Agreement"). This Notice of Acceptability of Work (Notice) is made expressly subject to the following terms and conditions to which all who receive and rely on said Notice agree:

1. This Notice has been prepared with the skill and care ordinarily used by members of the engineering profession practicing under similar conditions at the same time and in the same locality.
2. This Notice reflects and is an expression of the Engineer's professional opinion.
3. This Notice has been prepared to the best of Engineer's knowledge, information, and belief as of the Notice Date.
4. This Notice is based entirely on and expressly limited by the scope of services Engineer has been employed by Owner to perform or furnish during construction of the Project (including observation of the Contractor's Work) under the Owner Engineer Agreement, and applies only to facts that are within Engineer's knowledge or could reasonably have been ascertained by Engineer as a result of carrying out the responsibilities specifically assigned to Engineer under such Owner Engineer Agreement.
5. This Notice is not a guarantee or warranty of Contractor's performance under the Construction Contract, an acceptance of Work that is not in accordance with the Contract Documents, including but not limited to defective Work discovered after final inspection, nor an assumption of responsibility for any failure of Contractor to furnish and perform the Work thereunder in accordance with the Contract Documents, or to otherwise comply with the Contract Documents or the terms of any special guarantees specified therein.
6. This Notice does not relieve Contractor of any surviving obligations under the Construction Contract, and is subject to Owner's reservations of rights with respect to completion and final payment.

Latitude (decimal degrees) 30.4097 Longitude (decimal degrees) 88.7634

in Jackson County, Mississippi, does hereby make application to the Mississippi Department of Transportation, the duly authorized agent for the Mississippi Transportation Commission, for permission to construct the said driveway mentioned above and shown herein below and in consideration of a permit being granted to me for such construction, do hereby agree to construct such facility in accordance with the plan shown herein below and the rules and regulations of the Mississippi transportation Commission and do also further agree, with full understanding of the terms thereof, to all of the following:

- (a) That the Mississippi Department of Transportation does not purport to grant to said applicant any right, title, claim or easement in or upon said highway or right-of-way appurtenant thereto.
- (b) That the said Mississippi Department of Transportation may at any time require and compel the removal or reconstruction of said driveway or other facility therein described or referred to, as and when said Mississippi Department of Transportation deems it necessary. All expense of said removal or reconstruction is to be borne exclusively by the applicant and the Mississippi Department of Transportation is to be in no way liable.
- (c) Said applicant hereby expressly agrees for himself, his heirs, assigns and legal representatives, that upon request of said Mississippi Department of Transportation, he will without delay either reconstruct, remove or move to another location the facility herein described all in accordance with the terms of the request so made by the said Mississippi Department of Transportation. It being distinctly understood that said that any other location for said facility or driveway shall be primarily the choice of said Mississippi Department of Transportation but said new location will be made or designated by said Mississippi Department of Transportation after agreement with said applicant or its successors, if possible. It is understood and agreed that the Mississippi Department of Transportation, if this permit is granted and acted upon by the said applicant, will use all reasonable effort to avoid the necessity of requesting that the herein mentioned facility be removed, altered or reconstructed.
- (d) The plan of proposed construction set out below is incorporated herein by reference and made a part of this application as if fully copied out herein in words and figures.
- (e) It is agreed that this permit is void if all work shown on this plan is not completed in accordance with this plan within one year after date of approval.
- (f) It is agreed that any gas pumps at this location will be so placed that they or their island or islands will be a minimum of 12 feet behind the right of way line.
- (g) It is distinctly understood that no cars or vehicles will be parked or serviced within the limits of the highway right of way.
- (h) Pipe culverts shall comply with the Department's "MDOT PIPE CULVERT MATERIAL DESIGN CRITERIA", LATEST VERSION. (Reference: MDOT Website 'www.goMDOT.com'). Pipe headwalls, box culverts, bridges, inlets, junction boxes, headwalls, grates, etc. shall be designed, detailed and constructed in accordance with the Department's Roadway and Bridge Design Manuals and Standard Drawings and Mississippi Standard Specifications for Road and Bridge Construction.
- (i) The applicant is responsible for any conflicts with utilities on the highway right-of-way and is to secure permission from said utilities for said conflicts and for any necessary alterations.
- (j) Any work done by the applicant on the highway right-of-way shall be at his sole expense and may be utilized by the Mississippi Department of Transportation without payment thereof.
- (k) A copy of the approved plan is to be kept at the site of the work at all times during construction.
- (l) It is agreed that no trees or shrubs on the highway right-of-way will be cut, trimmed, or damaged during the process of the proposed work or maintenance of this work or facility except as shown on the plan.
- (m) All sod disturbed by the proposed work shall be neatly dressed and grassed in accordance with the vegetation schedule outlined elsewhere in this permit. The applicant shall maintain the dressed and grassed area for a sufficient length of time to insure a growing sod.

- (n) The applicant accepts the responsibility of the safety of the traveling public and his/her workers and agrees to furnish, place and maintain traffic control devices, if required, in accordance with Part 6 of the Manual On Uniform Traffic Control Devices For Streets and Highways (MUTCD), Current Edition as a minimum. The applicant shall attach a special traffic control plan to the application if special traffic control details are required.
- (o) The applicant does hereby covenant and agree to indemnify and hold harmless the Mississippi Transportation Commission and the Mississippi Department of Transportation from and against any claims, actions, suits, causes or demands, including court costs and reasonable attorney's fees, proximately resulting from acts or omissions of the applicant, or applicant's servants, agents or employees in the construction and maintenance of all facilities outlined under this permit.

She is trying to locate reputable contractors in our area to clear out the brush as a deterrent for them to stay there. 5/31/2022 - Owner has been as diligent as possible bringing her property into compliance. Homeless that were living there have been vacated, and all of the trash she left is at the road for pick up. I expect this property to be compliant after PW makes their weekly pick-up. 6/9/2022 - Owner was told the property had been cleaned. She was sent a fraudulent photo. Upon inspection, I alerted her that it is in worse condition than before. It appears the apartments next door are dumping items onto her property. She is looking into a camera system, and a more reliable/honest cleanup crew. I have no reason to believe that she isn't 100% committed to bringing this property into compliance. 6/28/2022 - - In constant contact with owner, she is working through family to bring property into compliance. Police have been called on multiple occasions to remove vagrants from premises. Additionally, the neighboring apartments have begun dumping their garbage, construction debris and other items on the property. 7/13/2022 – Spoke with owner of apartment next door. He stated that all of the illegal dumping onto this property that was done by people at the apartments was in front and was in no way related to the other illegal dumping on-site. I tried to reach the parcel owner this morning. I will continue to reach out to her

- **7/23/2022** – Spoke with owner in Washington. She is actively looking for a reliable person to clean and care for the property until she can come down here.

Tree Application Report
Findings from the review of applications and site visits

1) Application for 2515 Havard Rd

Owner: Andy Phelan

Date of application: 07/20/222

Request: Minor trim of Live Oak trees for removal of an old storage building and installation of a new one.

Building Official Finding:

Recommend APPROVING trimming of limbs above shed to allow removal of structure. Trimming should be no more than 20%. The permit for a new building has been submitted.

2) Application for 4509 Gibson Rd

Owner: Forrest Wells

Date of application 7/22/2022

Request: Remove 1 Live Oak tree on the southside of our building (Hwy 90 side). Tree is dying & we fear in a storm it could damage our building.

Building Official Finding:

Recommend APPROVING removing of the Live Oak tree. It is unhealthy and dying.

3) Application for 102 Shearwater Dr

Owner: Mary Muneoka

Date of application 7/22/2022

Request: Removal of 1 Magnolia tree. We are renovating a small cottage & adding to the building. The Magnolia tree is in the proposed area of expansion and therefore needs to be removed.

Building Official Finding:

Recommend APPROVING removal of 1 Magnolia tree as requested, pending a permit for the addition has been submitted.

Darla –

Thanks again for your help.

I did find my MPC acct # (18080-15055) if you need it.

Otherwise, I've attached pics of the branches I'd need to trip.

1.jpg is the tree in question on adjacent property but overhanging me. The shed on the right is where my building would be. The bigger limbs above it are not over it. The limbs I need to cut are forked off these.

2. and 3.jpg are the same pic with #3 looking like I took a crayon to show where they need to be cut! The biggest one (on "top") appears to be right at 5"-6" diameter.

Other than JCUA, what else do I need to get you or need to do?

**RESOLUTION OF THE CITY OF OCEAN SPRINGS, MISSISSIPPI
TO SELL SURPLUS PERSONAL PROPERTY WITH VALUE
OF LESS THAN ONE THOUSAND DOLLARS (\$1000.00)**

COMES NOW, the Mayor and Board of Aldermen for the City of Ocean Springs and finds that:

WHEREAS, Mississippi Code Annotated Section 17-25-25 permits the City to dispose of personal property with a value of less than One Thousand Dollars (\$1000.00) through private sale; and

WHEREAS, the City, through its Public Works Department, has collected scrap metal items with an estimated value of \$990.00; and

WHEREAS, the City is in need of removing the scrap metal from its Public Works Department grounds; and

WHEREAS, the Mayor and Board of Aldermen do on this day find that it is in the best interest of the citizens of Ocean Springs to sell the aforementioned scrap metal at a private sale in accordance with Section 17-25-25; and

WHEREAS, the proceeds of the sale shall be placed in a properly approved depository to the credit of the proper fund; and

WHEREAS, the Board of Aldermen has determined that no official or employee of the City shall derive any personal economic benefit from this sale.

AND SO, THE ABOVE FINDINGS ARE THEREFORE RESOLVED by the Mayor and Board of Aldermen of the City of Ocean Springs, Mississippi on this the 2nd day of August 2022.
